*The international insurance encyclopedia; a descriptive record of the history, theory and practice of all branches of insurance throughout the world and from the earliest times to the present day...* Isidore Singer, 1910

**History and Social Theory** Peter Burke, 2005 What is the use of social theory to historians and of history to social theorists In clear and energetic prose a pre eminent cultural historian here offers a far reaching response to these deceptively simple questions In this classic text now revised and updated in its second edition Peter Burke reviews afresh the relationship between the fields of history and the social sciences and their tentative convergence in recent decades Burke first examines what uses historians have made or might make of the models methods and concepts of the social sciences and then analyzes some of the intellectual conflicts such as the opposition between structure and human agency which are at the heart of the

tension between history and social theory Throughout he draws from a broad range of cultures and periods to illustrate how history in turn has been used to create and validate social theories This new edition brings the book up to date with the addition of examples and discussions of new topics such as social capital globalization and post colonialism The second edition of History and Social Theory will continue to stimulate both students and scholars across a range of disciplines with its challenging assessment of the roles of history and social science today

Readings for a History of Anthropological Theory Paul A. Erickson, Liam Donat Murphy, 2001 This comprehensive anthology presents 34 readings that are critical to an understanding of anthropological theory and the development of anthropology as an academic discipline The readings have broad anthropological appeal emphasizing cultural anthropology in the North American and European traditions Thematic coverage begins with nineteenth century foundations and forerunners before moving on to the early and mid twentieth century when anthropology comes of age The last section looks at numerous late twentieth century and early twenty first century developments in anthropological theory including feminist anthropology postmodernity medical anthropology and globalization

**History of Political Theory** George Klosko, 1993 This text covers the essential political ideas of major theorists Extensive quoted material taken from the works of dominant figures in ancient and medieval political thought makes this text a flexible scholarly alternative for instructors who don't want to require their students to purchase a library of original works

*History* Peter Claus, John Marriott, 2017-04-07 Demystifying the subject with clarity and verve History An Introduction to Theory Method and Practice familiarizes the reader with the varied spectrum of historical approaches in a balanced comprehensive and engaging manner Global in scope and covering a wide range of topics from the ancient and medieval worlds to the twenty first century it explores historical perspectives not only from historiography itself but from related areas such as literature sociology geography and anthropology Clearly written accessible and student friendly this second edition is fully updated throughout to include An increased spread of case studies from beyond Europe especially from American and imperial histories New chapters on important and growing areas of historical inquiry such as environmental history and digital history Expanded sections on political cultural and social history More discussion of non traditional forms of historical representation and knowledge like film fiction and video games Accompanied by a new companion website [www.routledge.com/cw/clus](http://www.routledge.com/cw/clus) containing valuable supporting material for students and instructors such as discussion questions further reading and web links this book is an essential introduction for all students of historical theory and method

**Natural History**, 1928 Explaining how to implement a cause marketing program the author joins with the organization Business for Social Responsibility and discusses never before published case studies of companies which sought to build their image and bottom line through socially responsible partnerships programs and events

**Creativity** Rob Pope, 2005 Seeking throughout to bridge the gap between the creative and the critical and to span disciplinary boundaries this book offers a significant intervention in the theory of creativity and the practice of criticism
