Torture With Impunity:

Torture and Impunity Alfred W. McCoy, 2012-08-24 Many Americans have condemned the enhanced interrogation techniques used in the War on Terror as a transgression of human rights But the United States has done almost nothing to prosecute past abuses or prevent future violations Tracing this knotty contradiction from the 1950s to the present historian Alfred W McCoy probes the political and cultural dynamics that have made impunity for torture a bipartisan policy of the U S government During the Cold War McCoy argues the U S Central Intelligence Agency covertly funded psychological experiments designed to weaken a subject s resistance to interrogation After the 9 11 terrorist attacks the CIA revived these harsh methods while U S media was flooded with seductive images that normalized torture for many Americans Ten years later the U S had failed to punish the perpetrators or the powerful who commanded them and continued to exploit intelligence extracted under torture by surrogates from Somalia to Afghanistan Although Washington has publicly distanced itself from torture disturbing images from the prisons at Abu Ghraib and Guantanamo are seared into human memory doing lasting damage to America s moral authority as a world leader [Mexico Amnesty International, 1991](#) [Mexico Amnesty International USA, 1991](#)

Crimes: An Interdisciplinary Discourse Thorsten Bonacker, Christoph Safferling, 2013-07-09 In international law victims issues have gained more and more attention over the last decades In particular in transitional justice processes the victim is being given high priority It is to be seen in this context that the Rome Statute for the International Criminal Court foresees a rather excessive victim participation concept in criminal prosecution In this volume issue is taken at first with the definition of victims and secondly with the role of the victim as a witness and as a participant Several chapters address this matter with a view to the International Criminal Court ICC the Extraordinary Chambers in the Courts of Cambodia ECCC and the Trial against Demjanjuk in Germany In a third part the interests of the victims outside the criminal trial are being discussed In the final part the role of civil society actors are being tackled This volume thus gives an overview of the role of victims in transitional justice processes from an interdisciplinary angle combining academic research and practical experience
