World Scriptures An Introduction To Comparative Religions:

  World Scriptures Kenneth Kramer,1986 World Scripture is a guidebook to the primary source materials of the classical living religions of the world It is a guidebook which innovatively blends critical and interpretative tools with sacred symbols and stories of Ultimacy   Scripture in the World Religions Harold G. Coward,2000-08 In this systematic and accessible analysis Harold Coward carefully explores the scriptures written and spoekn of six major world faiths He examines their interpretation their role in devotion and education and their relationships with each other   **Anthology of World Scriptures** Robert E. Van Voorst,1997 This anthology includes the most notable and instructive scriptures of Hinduism Buddhism Jainism Sikhism Confucianism Taoism Shinto Zoroastrianism Judaism Christianity and Islam The context for applying these readings is also provided through a short introduction at the beginning of each chapter   **Anthology of World Scriptures** Robert E. Van Voorst,2000 ANTHOLOGY OF WORLD SCRIPTURES is a collection of the most notable and instructive scriptures of the major living religions of the world Hinduism Buddhism Jainism Sikhism Confucianism Taoism Shinto Zoroastrianism Judaism Christianity and Islam It provides comprehensive and pedagogically sound access to the sacred literature of the world   **World Religions in Practice** Paul Gwynne,2017-08-07 A new and expanded edition of a highly successful textbook on world religions with a comparative approach which explores how six major religions are lived and expressed through their customs rituals and everyday practices A new edition of this major textbook exploring the world s great religions through their customs rituals and everyday practices by focusing on the lived experience This comparative study is enriched and broadened with the inclusion of a sixth religion Daoism Takes a thematic comparative and practical approach each chapter explores a series of key themes including birth death ethics and worship across all six religions at each time Broadens students understanding by offering an impartial discussion of the similarities and differences between each religion Includes an increased range of student friendly features designed to allow students to engage with each religion and extend their understanding   **Religions East and West** Ward J. Fellows,1979   Classics and Interpretations Ching-I Tu,2017-11-30 In recent years in the West scholars have attempted to unravel old constructs of interpretation and understanding using the discipline of hermeneutics or the scientific study of textual interpretation Borrowed from students of the ever growing body of biblical interpretive literature that originated in the early Christian era theoretical hermeneutics has given many contemporary scholars potent tools of textual interpretation Classics and Interpretations applies this method to Chinese culture Several essays focus on hermeneutic traditions of Neo Confucianism Others move outside of these traditions to attempt an understanding of the role of hermeneutics in Taoist and Buddhist textual interpretation in Chinese poetics and painting and in contemporary Chinese culture This volume makes a concerted effort to remedy our ignorance of the Chinese hermeneutical tradition Part 1 The Great Learning and Hermeneutics demonstrates the use of commentary to define how the individual creates his social self and discusses differing interpretations of the Ta hsueh text and its treatment

as either canonical or heterodox Part 2 Canonicity and Orthodoxy considers the philosophical touchstones employed by Neo Confucian canonical exegetes and polemicists and discusses the Han canonization of the scriptural Five Classics while illuminating a double standard that existed in the hermeneutical regime of late imperial China Part 3 Hermeneutics as Politics discusses the transformation of both the classics and scholars and explores the dominant hermeneutic tradition in Chinese historiography the scriptural tradition and reinterpretation of the Ch un ch iu and reveals the pragmatism of Chinese hermeneutics through comparison of the Sung debates over the Mencius The concluding sections include essays on Chu Hsi and Interpretation of Chinese Classics Hermeneutic Traditions in Chinese Poetics and Non Confucian Contexts Reinterpretation of Confucian Texts in the Ming Ch ing Period and Contemporary Interpretations of Confucian Culture Through these literate and brilliantly written essays the reader witnesses not merely the great breadth and depth of Chinese hermeneutics but also its continuity and evolutionary vigor This volume will excite scholars of the Confucian Buddhist and Taoist systems of thought and belief as well as students of history and hermeneutics *Scripturalizing the Human* Vincent L. Wimbush,2015-07-16 Scripturalizing the Human is a transdisciplinary collection of essays that reconceptualizes and models scriptural studies as a critical comparative set of practices with broad ramifications for scholars of religion and biblical studies This critical historical and ethnographic project is focused on scriptures scripturalization scripturalizing as shorthand for the psycho cultural and socio political work we make language do for and to us Each essay focuses on an instance of or situation involving such work engaging with the Bible Book of Mormon Bhagavata Purana and other sacred texts artifacts and practices in order to explore historical and ongoing constructions of the human Contributors use the category of scriptures understood not simply as texts but as freighted shorthand for the dynamics and ultimate politics of language as tools for self illumination and self analysis The significance of the collection lies in the window it opens to the rich and complex view of the highs and lows of human un making as it establishes the connections between a seemingly basic and apolitical religious category and a set of larger social cultural phenomena and dynamics *Focus On: 100 Most Popular American Agnostics* Wikipedia contributors, *A Short Introduction to World Religions* Tim Dowley,2018-07-01 This leading textbook for world religions is now available in a more concise version Many of the features of Introduction to World Religions are retained in this volume but with focus on the religious traditions themselves The section on religions of antiquity has been removed and key content in each chapter streamlined to increase accessibility for students in their study and research of the world s religious traditions Known and valued for its balanced approach this book offers an arresting layout with rich illustrations It continues to provide broad coverage of diverse religions including indigenous religions Hinduism Buddhism Jainism Judaism Christianity Islam Sikhism and Chinese Korean and Japanese religions The user friendly content is enhanced by charts of religious festivals historic timelines updated maps of the world s religions and a useful glossary Both historical overviews and modern perspectives for each religion are included This edition includes several

updates made to the new third edition including a new design a new section on women and religion and a newly revised section on religions in today s world   The Past, Present, and Future of Theologies of Interreligious Dialogue Terrence Merrigan,John Friday,2017-03-17 The Past Present and Future of Theology of Interreligious Dialogue brings together several of the most widely regarded specialists who have contributed to theological reflection on religious diversity and interreligious encounter The chapters are united by the consistent theme of the obligation to engage with the challenges that emerge from the tension between the doctrinal tradition s of Christianity and the need to reconsider them in light of and in response to the fact of religious otherness As a whole these reflections are motivated by the desire to bring together a significant selection of different theological approaches that have been developed and appropriated in order to engage with religious difference in the past and present as well as to suggest possibilities for the future This confluence of perspectives reveals the complexity of theological reflection on religious diversity and gives some indication of future challenges that must be acknowledged and perhaps successfully met in the ongoing attempt to address a universal reality in light of traditional doctrinal particularities and cultural concerns   **Introduction to World Religions** Christopher Partridge,2018-07-01 This leading textbook for world religion is designed to help students in their study and research of the world s religious traditions Known and valued for its balanced approach and its respected board of consulting editors this text addresses ways to study religion provides broad coverage of diverse religions and offers an arresting layout with rich illustrations Introductory sections on understanding religion and the religions of antiquity lay the foundation for the study of the numerous religious traditions highlighted in the volume including indigenous religions Hinduism Buddhism Jainism Judaism Christianity Islam Sikhism and Chinese Korean and Japanese religions The user friendly content is enhanced by charts of religious festivals historic timelines updated maps of the world s religions and a useful glossary Both historical overviews and modern perspectives for each religion are included This third edition has several updates including a new design a new section on women and religion and a newly revised section on religions in today s world   **Discourse in Dialogue** Pat F. Rossi,2014-07-24 Discourse in Dialogue Reflections in Fundamental Philosophical Theology is a project which considers fundamental theological and philosophical perspectives in Catholic Christian theology This project adumbrates a number of specifically intellectual themes namely philosophical and theological in character which pertain to the Catholic Christian tradition These themes include a study of the following the interrelationship of philosophy and theology theological method and pluralism the interpretation of scripture and its underlying hermeneutical principles Christian anthropology in relation to philosophy of the human person the Christological mystery and soteriology as well as the nature of Christian Philosophy all of which are representative themes proper to fundamental philosophical theology This work serves as an introductory text to the above cited questions while also providing more specific points of study for those interested in a more comprehensive reflection on contemporary philosophical and theological perspectives   **Anthology of Asian Scriptures** Robert E. Van Voorst,2001

This reader contains some of the most notable and instructive scriptures of the major Asian religions Hinduism Buddhism Jainism Sikhism Confucianism Taoism Shinto and Zoroastrianism It is a comprehensive and pedagogically sound presentation of the sacred literature of the Asia A clear and consistent organization makes the text easy to use and understand The first chapter examines the general phenomenon of scripture in the world s religions its nature use and place in modern scholarship Chapter 1 also introduces the reader to the art of reading scripture with practical suggestions a pronunciation guide for foreign words and other pedagogical aids Each subsequent chapter presents the scripture of a single religion Three or four vignettes about scripture and its usage open the chapter to draw the reader s interest and imagination Then an introduction sets the context by explaining the overall structure origin development and use of the scripture in its religion

Scriptures of the World's Religions James Fieser,John Powers,1998 Also issued in two separate volumes under titles Scriptures of the East and Scriptures of the West **Elenchus of Biblica** ,1988 **Introduction to World Religions** Christopher Partridge,2013-11-01 A leading textbook for world religion this new edition is designed to help students in their study and research of the world s religious traditions Known and valued for its balanced approach and its respected board of consulting editors this text addresses ways to study religion provides broad coverage of diverse religions and offers an arresting layout with rich illustrations The second edition has new and extended primary source readings a stronger section on the Religions of South Asia additional maps a new full color student friendly format and more Sacred Scriptures of the World Religions Joan Price,2010-02-17 Price examines religions across the world offering an insight into each tradition s views of the world through their scriptural texts and spiritual practices **The World's Religions, Revised and Updated** Huston Smith,2009-03-17 The World s Religions by beloved author and pioneering professor Huston Smith Tales of Wonder is the definitive classic for introducing the essential elements and teachings of the world s predominant faiths including Hinduism Buddhism Confucianism Taoism Judaism Christianity Islam as well as regional native traditions This revised and updated edition provides sympathetic descriptions of the various traditions explaining how they work from the inside which is a big reason why this cherished classic has sold more than two million copies since it first appeared in 1958 **Chinese Religion in Western Languages: 1991-1995** Laurence G.
