World Without Men:

THE WORLD WITHOUT MEN Pinky lee,2026-03-17 One hundred and thirty seven years ago God asked the women a question Can you build a world without men They said yes For over a century women have thrived in peace They ve built civilizations based on equality created art and beauty healed their communities and loved one another without fear No violence No domination No patriarchy Just women building something unprecedented But peace it turns out was never meant to be permanent When Naomi receives a vision in the dark hours before dawn a revelation that shatters everything she thought was certain her world begins to transform Men are returning Not the men of the old world But men born into equality Men who will be partners not oppressors As the women grapple with a new covenant establish boundaries to protect what they ve built and prepare for partnership unlike anything history has known they must answer a new question Can we truly love and partner with those we ve learned to live without In the tradition of speculative fiction that asks us to reimagine what s possible *Women Only* explores themes of partnership equality transformation and the courage it takes to choose love over fear It s a story about building civilization maintaining boundaries and discovering that wholeness sometimes requires the integration of what we thought we had to separate Set across diverse global cities from Jerusalem to Tokyo from Cairo to Vancouver this novel follows multiple women as they navigate the end of their world and the beginning of something entirely new Some covenants are meant to change Some visions demand we transform And sometimes the greatest strength comes not from standing alone but from learning to stand together

A World Without Men Valerie Taylor,2011-08-15 *The Drama* ,1919 *Mind* ,1923 **World Without Men** Farah Sepanlou,2024-05-27 World Without Men is a pioneering non fiction book that embarks on an exploratory journey into the hypothetical scenario of a society entirely devoid of men This thought provoking work delves into various disciplines such as sociology anthropology and gender studies to offer a comprehensive analysis of the profound implications such an absence would have on our social structures economies politics and familial setups Through meticulous research and an engaging narrative style the author challenges readers to reconsider entrenched beliefs about gender roles and societal organization The book provides an in depth examination of historical matriarchal societies and communities where women have predominated offering insights into alternative societal models It scrutinizes potential shifts in political systems laws and social norms that could emerge in a man less society including
