Christian G. Meyer

These I Remember:

American Expansionism, 1783-1860 Mark Joy,2014-01-14 This new Seminar Study surveys the history of U S territorial expansion from the end of the American Revolution until 1860 The book explores the concept of manifest destiny and asks why if expansion was manifest there was such opposition to almost every expansionist incident Paying attention to key themes often overlooked Indian removal and the US government land sales policy the book looks at both foreign expansion such as the Louisiana Purchase in 1803 and the war with Mexico in the 1840s and internal expansion as American settlers moved west Finally the book addresses the most recent historiographical trends in the subject and asks how Americans have dealt with the expansionist legacy

The Works of that Eminent Servant of Christ, Mr. John Bunyan: Grace abounding to the chief of sinners. A confession of my faith, and a reason of my practice. Differences in judgment about water-baptism, no bar to communion. Peaceable principles and true. The doctrine of the law and grace unfolded. The pilgrim's progress. The Jerusalem sinner saved. The heavenly footman. Solomon's temple spiritualized. The acceptable sacrifice. Sighs from hell. Come and welcome to Jesus Christ. A discourse upon the Pharisee and the publican. Of justification by an imputed righteousness. Paul's departure and crown. Of the Trinity and a Christian. Of the law and a Christian. Israel's hope encouraged. The life and death of Mr. Badman. The barren fig-tree. An exhortation to peace and unity. One thing is needful John Bunyan,1767 Through Minds' Eyes

Ryan J. Hite,2013-03-27 This is a book of history ethics and philosophy It is a record of teachings passed down through the generations from the East and the West It contains the fullness of the sealed covenant established between man and the laws of the universe As we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved The divine refers to the laws of nature and the universe that guide us in our everyday lives The creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the events that happen on Earth It is merely a force and it is not necessary to belong to a group to experience the light The path to the light is straight and broad The creator of the universe is a divine and intellectual force by which all things came into being The sealed covenant is a pact between all of humanity to the world around us and the universal laws that guide our everyday lives to come together and love one another and come to make the world a better place for all people This shall usher in the evolution of religious traditions and humanity to a new age of prosperity
