The Pro Se Attorney Manual James Reedom,2005-02 This manual is a how to blueprint for anyone who has had a legal and or systematic problem and all others doors of positive action were closed to them and they did not know who to talk to or they had very little knowledge of what to do next The greatest frustration which one can be faced with is to be confronted with a legal and or systematic problem and your lawyer s take your hard earned money and sell you and your case down the drain This Manual contains systematic trade secrets which have been accumulated over the years the techniques are tried and proven There is one point that I must stress to the Pro Se attorney you must remember that you are your own attorney and that you are entitled to all of the rights and privileges and courtesies which are given to the opposing attorney
