   Jacques Derrida Jacques de Ville,2012-11-30 Jacques Derrida Law as Absolute Hospitality presents a comprehensive account and understanding of Derrida s approach to law and justice Through a detailed reading of Derrida s texts Jacques de Ville contends that it is only by way of Derrida s deconstruction of the metaphysics of presence and specifically in relation to the texts of Husserl Levinas Freud and Heidegger that the reasoning behind his elusive works on law and justice can be grasped Through detailed readings of texts such as To speculate on Freud Adieu Declarations of Independence Before the Law Cogito and the history of madness Given Time Force of Law and Specters of Marx De Ville contends that there is a continuity in Derrida s thinking and rejects the idea of an ethical turn Derrida is shown to be neither a postmodernist nor a political liberal but a radical revolutionary De Ville also controversially contends that justice in Derrida s thinking must be radically distinguished from Levinas s reflections on the other It is the notion of absolute hospitality which Derrida derives from Levinas but radically transforms that provides the basis of this argument Justice must on De Ville s reading be understood in terms of a demand of absolute hospitality which is imposed on both the individual and the collective subject A much needed account of Derrida s influential approach to law Jacques Derrida Law as Absolute Hospitality will be an invaluable resource for those with an interest in legal theory and for those with an interest in the ethics and politics of deconstruction   *Mother of the Universe* Lex Hixon,1994-06-01 Those who love poetry will appreciate the wildly metaphysical allegorical and yet intensely honest and personal songs of the eighteenth century poet and saint Ramprasad These songs vividly present the mystery of the Feminine Divine an intimate experience of the Mother and a vast play of energy sustained by the Goddess Kali   Autopsia Marius Timmann Mjaaland,2008-08-27 There are certain things that can be explained and certain things that cannot be explained This book is about the latter It is a book about death how death interrupts and influences the reflection on the self It is a book about God a detailed and critical discussion on how Kierkegaard and Derrida apply the concept of God in their philosophical reflections The most ground breaking analysis concerns the famous passage on the self A A in The Sickness unto Death where the author combines logical rhetorical and dialectical means to establish a new perspective on Kierkegaard s thinking in general The Cartesian doubt then constitutes a common trait for his detailed and rigorous analysis of Derrida and Kierkegaard on death madness faith and rationality showing how they both seek to break up the Hegelian Aufhebung from within but still remain dependent on Hegel After Kierkegaard and Derrida the certainty and total uncertainty of death and of God as infinite other gives the self a basic though non foundational responsibility The significance of this responsibility of this other of this death requires sustained and thorough consideration Where others mark a conclusion this book therefore marks a point of departure reflecting on oneself at the graveside of a dead man thus introducing an Autopsia   **Foucault and Derrida** Roy Boyne,2013-11-05 The writings of Michel Foucault and Jacques Derrida pose a serious challenge to the old established but now seriously compromised forms

of thought In this compelling book Roy Boyne explains the very significant advances for which they have been responsible their general importance for the human sciences and the forms of hope that they offer for an age often characterized by scepticism cynicism and reaction The focus of the book is the dispute between Foucault and Derrida on the nature of reason madness and otherness The range of issues covered includes the birth of the prison problems of textual interpretation the nature of the self and contemporary movements such as socialism feminism and anti racialism Roy Boyne argues that whilst the two thinkers chose very different paths they were in fact rather surprisingly to converge upon the common ground of power and ethics Despite the evident honesty importance and adventurousness of the work of Foucault and Derrida many also find it difficult and opaque Roy Boyne has performed a major service for students of their writings in this compelling and accessible book **Between Foucault and Derrida** Yubraj Aryal,2016-08-16 Explores the biographical historical and philosophical connections between Jacques Derrida and Michel FoucaultBetween Foucault and Derrida explores the notorious Cogito debate and includes the central articles an important piece by Jean Marie Beyssade along with a letter Foucault wrote to Beyssade in response both these pieces available for the first time in English translation In the second part of the book 10 essays written by some of the most well known scholars working in contemporary continental philosophy address the various philosophical intersections and divergences of these two profoundly important thinkers Key FeaturesThe first collection of the central essays involved in the Cogito debate between Foucault and DerridaIncludes the first English translations of Jean Marie Beyssades important 1973 article on the debate and Foucault s letter in responseSome of the best known scholars working in continental philosophy today examine where Foucault and Derrida converge and diverge and how they ultimately shaped each others projectsContributorsAmy Allen Penn State University Pennsylvania USA Ellen Armour Vanderbilt Divinity School Tennessee USA Yubraj Aryal University of Montreal Canada and New York University USA Jean Marie Beyssade University of Paris IV France Vernon W Cisney Gettysburg College Pennsylvania USA Fred Evans Duquesne University Pennsylvania USA Peter Gratton Memorial University of Newfoundland Canada Leonard Lawlor Penn State University Pennsylvania USA Edward McGushin Stonehill College Massachusetts USA Nicolae Morar University of Oregon Oregon USA Jeff Nealon Penn State University Pennsylvania USA Christopher Penfield Purdue University Indiana USA Arkady Plotnitsky Purdue University Indiana USA Paul Rekret Richmond The American International University in London UK Alan Schrift Grinnell College Iowa USA **California Law Review** ,1921 **Interventions in Contemporary Thought** Gabriel Rockhill,2016-06-01 With a critical eye Gabriel Rockhill guides you through complex debates in history politics and aesthetics giving you an overview of key issues and central figures including Foucault Derrida Castoriadis Badiou and Ranciere Rockhill also engages in a nuanced exploration of recent work that calls into question the stereotype of prominent figures and intellectual movements Far from hiding behind towering figures of the intellectual world Rockhill stakes out positions in relationship to them and formulates precise arguments in favour of a new understanding of the
