Touchdown Jesus Robert Laurence Moore,2003-01-01 This book is an intriguing narrative of the interplay between American religion and patterns of American culture in the nineteenth and twentieth centuries R Laurence Moore considers the ways nationalism the separation of church and state democratic pluralism and shifts in boundaries between secular and sacred practice have shaped American religion for the past two hundred years

Monumental Jesus Margaret M. Grubiak,2020-02-11 The American landscape is host to numerous works of religious architecture sometimes questionable in taste and large if not titanic in scale In her lively study of satire and religious architecture Margaret Grubiak challenges how we typically view such sites by shifting the focus from believers to doubters and from producers to consumers Grubiak considers an array of sacred architectural constructions from Touchdown Jesus at the University of Notre Dame to the Wizard of Oz Mormon temple outside Washington D C to the renamed Gumby Jesus of the Christ of the Ozarks statue in Eureka Springs Arkansas and how such constructions are confronted by the doubt and dismissiveness articulated by the more skeptical of their viewers These responses of doubt activate our religious built environment in ways unanticipated but illuminating asking us at times forcefully to consider and clarify what it is we believe Opening up new avenues of thinking about how people deal with theological questions in the vernacular Grubiak s book shows how religious doubt is made manifest in the humorous satirical blasphemous and popular culture responses to religious architecture and image in modern America Midcentury Architecture Landscape Urbanism and Design

The Yards Between Us R.K. Russell,2023-05-16 In 2019 R K Russell broke the mold when he came out as bisexual in an essay for ESPN that ignited the sports world Now in his powerful memoir THE YARDS BETWEEN US he shares his story and explores his love of football men and women walking the devastating tightrope of keeping his sexuality secret the tension between his private and public lives and the importance of crashing through barriers One part inspirational journey and one part coming of age as an athlete struggling to break a mold THE YARDS BETWEEN US follows in the footsteps of moving impactful sports memoirs like Agassi s OPEN Misty Copeland s LIFE IN MOTION and Megan Rapinoe s ONE LIFE Russell traces the highs and lows of his life in and out of football from his early life as a shy kid struggling with the expectations on a Black boy and the pull between his quiet nature and his athletic ability to being drafted by his hometown team the Dallas Cowboys and then on to seasons with the Tampa Bay Buccaneers and Buffalo Bills And as his time in the sport comes into full bloom Russell realizes that keeping his secret in the NFL is easier than in college when

life and football are so much more connected to social worlds Through being cut injured and frustrating setbacks Russell s confidence lags as the secret of his sexuality weighs heavier and heavier And when that frustration is combined with the devastating loss of his best friend and sole confidant the darkness that follows also brings a deep understanding that perhaps it s time to make a change In Los Angeles against the backdrop of the swaying palm trees and warm sands of Malibu Russell falls in love and it s the final push he needs to stand up for every part of himself a professional athlete a writer a son a friend a lover a bisexual Black man In THE YARDS BETWEEN US R K Russell shows us the life changing power of embracing who you are and fighting to make space so others can do the same **swallowtail** Brenna Twohy,2019-10-01 Swallowtail a
