World Of Bede:

The World of Bede Peter Hunter Blair, 1990-10-25 An engaging and accessible introduction to the writings and intellectual development of the Venerable Bede d 735 this book originally published in 1970 is available again for the enjoyment of all those interested in the early medieval world With an updated preface and supplementary bibliography by Michael Lapidge the book is based almost entirely on primary sources particularly Bede s own writings The book surveys the fragmented state of Britain after the Anglo Saxon conquests tracing the sometimes faltering rebirth of Christianity from the time of St Augustine through to the glories of the golden age of Northumbria in the eighth century What was Bede s contribution to the growth of scholarship Why is his famous Ecclesiastical History of the English Church and People still so highly regarded How did Bede see his own age What traditions most influenced him Peter Hunter Blair answers all these questions assessing Bede sympathetically in all the fields in which he was active as teacher orthographer moral philosopher grammarian theologian natural scientist and above all as our first modern historian *The World of Bede by Peter Hunter Blair* Peter Hunter Blair, 1970

The City of Rome and the World of Bede Éamonn Ó Carragáin, 1994 *Bede's Temple* Conor O'Brien, 2015-10-08 This volume examines the use of the image of the Jewish temple in the writings of the Anglo Saxon theologian and historian Bede d 735 The various Jewish holy sites described in the Bible possessed multiple different meanings for Bede and therefore this imagery provides an excellent window into his thought Bede s Temple An Image and its Interpretation examines Bede s use of the temple to reveal his ideas of history the universe Christ the Church and the individual Christian Across his wide body of writings Bede presented an image of unity whether that be the unity of Jew and gentile in the universal Church or the unity of human and divine in the incarnate Christ and the temple image provided a means of understanding and celebrating that unity Conor O'Brien argues that Bede s understanding of the temple was part of the shared spirituality and communal discourse of his monastery at Wearmouth Jarrow in particular as revealed in the great illuminated Bible made there the Codex Amiatinus Studying the temple in Bede s works reveals not just an individual genius but a monastic community engaged actively in scriptural interpretation and religious reflection O'Brien makes an important contribution to our understanding of early Anglo Saxon England s most important author the world in which he lived and the processes that inspired his work
