David STEPHEN (Naturalist.),1956 **Maryland Conservationalist** ,1946 **Real World Whitetail Behavior** Jim
Roy,2003-03-03 Taking the controversial approach that deer hunting has become more of a social event than an affirmation
of the more basic human need to subsist in the wild Jim Roy proposes a simple common sense method of stalking the
whitetail that he calls survival hunting Some of the mysteries and myths concerning the whitetail can best be unraveled by
observing the natural movements of the herd not the more unnatural movements caused by pressure from humans or dogs
Roy breaks the deer herd down into its natural family groups such as parental does with fawns lone bucks and single does of
various ages tracking their movements to and from their bedding areas based on such natural influences as wind direction
and angle of sunlight Based on over twenty years of observation at the Smithsonian Institute s Environmental Research
Center on Chesapeake Bay this revised edition of a classic will be welcomed by hunters and wildlife watchers alike *Zeke's*
Theory Eric V. Zimmerman,2022-11-30 *Zeke s Theory Unlocking the Whitetail Antler Growth Process* By Eric V Zimmerman I
have been told I have an obsessive type personality and after reading my book I think you all will agree I became obsessed
with aging whitetails in my teens being shown by one of the PGC biologists what the 18 month old s tooth looks like along
with a brief description on how to use tooth wear and dentine thickness to determine the ages of deer above 18 months of
age My civilian work life has always involved the processing of deer and if I cut off the antlers of a buck brought in to be
processed I would slice open the cheek pry open its mouth and age that buck I would also weigh the carcasses and a few
patterns did start to form between age weight and antler size and it was not supporting what is considered common
knowledge about bucks and how their antlers grow In 1998 I shot this eight point and in 2004my daughter shot this cute
little six point I have been studying these two bucks ever since believing that the difference in the size of the antlers between
these two bucks is based on the month they were born in and wondering in theory if the smaller buck s antler size ever
catches up to the larger buck in the following years What the evidence is showing is that in order to grow record book bucks
the adage that it takes a three legged stool of nutrition genetics and age is incomplete Rather what it takes is a four legged
chair with the animal s birth date being added to the list of nutrition genetics and age The information I m providing will be
very helpful to game managers who are looking to grow record book class whitetails as my evidence will show that the
antlers of bucks born late in the fawning season will never catch up or reach their full potential and it is doubtful that they
will ever have more than eight points or score over 120 in their lifetime Check out zekesttheory com for more information and
thank you for your purchase Zeke *Journey from Gauntlet to Paradise* Roger A. Vincent,2012-07-17 *Journey from Gauntlet*
to Paradise begins with author Roger Vincents early years as a curly haired little boy on Grandmas Hill Farm and follows the
author and his wife through their life travels A thrilling awe inspiring journey awaits all who venture along with author Roger

Vincent and the love of his life Betty May as they journey through over sixty national parks along the way We all live in critical times times that are crucial and sometimes even dangerous The Bible informs us that God is a God of exclusive devotion but who can manage to do that Vincent tells us not to worry because God doesnt expect us to exclusively devote ourselves to Him If it were not for God excusing our errors none of us would survive his inevitable day of reckoning Through his lifes journey he comes to understand the fact that despite who we are we will all face judgment day when we die The question he poses is this who among us has a strong and solid knowledge of God and the Bible They are the ones who will draw closer to God
