**Intelligence and Ethics** Seumas Miller, Mitt Regan, Patrick F. Walsh, 2021-11-07 This volume examines the ethical issues that arise as a result of national security intelligence collection and analysis Powerful new technologies enable the collection communication and analysis of national security data on an unprecedented scale Data collection now plays a central role in intelligence practice yet this development raises a host of ethical and national security problems such as privacy autonomy threats to national security and democracy by foreign states and accountability for liberal democracies This volume provides a comprehensive set of in depth ethical analyses of these problems by combining contributions from both ethics scholars and intelligence practitioners It provides the reader with a practical understanding of relevant operations the issues that they raise and analysis of how responses to these issues can be informed by a commitment to liberal democratic values This combination of perspectives is crucial in providing an informed appreciation of ethical challenges that is also grounded in the realities of the practice of intelligence This book will be of great interest to all students of intelligence studies ethics security studies foreign policy and international relations The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license Now We are At War Dag Heward-Mills, 2025-08-27 Always remember that we are at war RESIST You cannot afford to be passive when your enemy is fighting you Don't just lie down and let the enemy walk all over you Resist the devil Fight back Acquire a reputation in the devil's camp as someone who resists attacks and invasions Your defence must be a fierce attack on the enemy In this amazingly energising book best selling author of Loyalty and Disloyalty and A Good General calls Christians to rise up and turn the tables on the enemy Make the devil regret ever calling you to battle Now we are at WAR Arabs and Muslims in the Media Evelyn Alsultany, 2012-08-20 After 9/11 there was an increase in both the incidence of hate crimes and government policies that targeted Arabs and Muslims and the proliferation of sympathetic portrayals of Arabs and Muslims in the U.S. media Arabs and Muslims in the Media examines this paradox and investigates the increase of sympathetic images of the enemy during the War on Terror Evelyn Alsultany explains that a new standard in racial and cultural representations emerged out of the multicultural movement of the 1990s that involves balancing a negative representation with a positive one what she refers to as simplified complex representations This has meant that if the storyline of a TV drama or film represents an Arab or Muslim as a terrorist then the storyline also includes a positive representation of an Arab Muslim Arab American or Muslim American to offset the potential stereotype Analyzing how TV dramas such as The Practice 24 Law and Order NYPD Blue and Sleeper Cell news reporting and non profit advertising have represented Arabs Muslims Arab Americans and Muslim Americans during the War on Terror this book demonstrates how more diverse representations do not in themselves solve the problem of racial stereotyping and how even seemingly positive images can produce meanings that can justify exclusion and inequality Reliability Centered Maintenance (RCM) Neil B. Bloom, 2005-12-22 A properly implemented and managed RCM program can save millions in unscheduled maintenance and breakdowns However many

have found the process daunting Written by an expert with over 30 years of experience this book introduces innovative approaches to simplify the RCM process such as single vs multiple failure analysis hidden failures analysis potentially critical components analysis run to failure and the difference between redundant standby and backup functions Included are real life examples of flawed preventive maintenance programs and how they led to disasters that could have easily been avoided Also illustrated in detail with real life examples is the step by step process for developing implementing and maintaining a premier classical RCM program Senior management middle management supervisors and craftsmen technicians responsible for plant safety and reliability will find this book to be invaluable as a means for establishing a first class preventive maintenance program

**Sleeper Cell** Kierra Dorsay, 2016-02-27 A sleeper cell is a person who remains a dormant member of a group while belonging to another group for undisclosed reasons Usually the sleeper cell status is kept a secret A sleeper cell is a clandestine group of terrorists who work underground and come back to life suddenly to achieve the target set by their superiors A sleeper agent is a spy who is placed in a target country or organization not to undertake an immediate mission but rather to act as a potential asset if activated Sleeper agents are popular plot devices in fiction in particular espionage fiction and science fiction Sleeper agents who have been discovered have often been natives of the target country who moved elsewhere in early life and were co opted perhaps for ideological or ethnic reasons before returning to the target country This is valuable to the sponsor as the sleeper s language and other skills can be those of a native and thus less likely to trigger suspicion One of the most insidious tactics at a terrorist organization s disposal is the implementation of a sleeper cell This consists of secret agents who receive specialized training in their home countries and are then assigned to assimilate into another country s culture and society These agents may spend years performing their regular duties while living deep undercover then suddenly receive orders from their overseas handlers to either commit an act of terrorism or provide aid to those who will

*Representation of Middle Easterners in Contemporary North American TV Series* Matthias Köbrich, 2018-08-13 Master s Thesis from the year 2017 in the subject English Language and Literature Studies Culture and Applied Geography grade 1 5 Friedrich Alexander University Erlangen Nuremberg Institut f r Anglistik und Amerikanistik

language English abstract TV shows have always been popular However fairly recently their quality and their budget have vastly increased Prestige TV which is frequently argued to have started with *The Sopranos* can be argued to have continued with *The Wire* *Lost* *Breaking Bad* *Boardwalk Empire* *Game of Thrones* *House of Cards* and *Homeland* After 9 11 an increase in TV shows focusing on terrorism was noticeable Many shows exhibited coping mechanisms built into their plots which can be related to the events on September 11 2001 Movies like the *Rambo* film series 1982 1988 *Platoon* 1986 *Full Metal Jacket* 1987 and *Rocky IV* 1985 can be argued to be cinematic attempts of coming to terms with the United States defeat in the Vietnam War as well as locking horns with Russia respectively In more recent movie history we can witness films such as *Rules of Engagement* 2000 *Flightplan* 2005 *The Kingdom* 2007 and the *Transformers* franchise 2007 2014 which can be interpreted as blowing off steam with regard to the US Army s seemingly endless engagement in the Middle East Not to forget the recent TV shows *Quantico* 2015 24 2001 2010 and *Homeland* 2011 which are excellent examples for Orientalist points of view terrorism threats and so called SHTF scenarios as well as homeland security issues These TV shows all seem to be cultural products that can be seen as direct answers to the terrorist attacks that day And just like the older examples of pop culture products these series and movies are also filled with coping behavior and processes The goal of this thesis is to look at the dichotomy between the East and the West the negative perception of the Middle East in the West as well as how negative images of the East are constructed but also countered in Western media In other words to see where or how Orientalist views are perpetuated and reinforced and where they are countered criticized and ridiculed Furthermore the intention of this thesis will be to scrutinize the underlying presumptions about the other and how these presumptions can be connected to Orientalism By exposing the negative images stereotypes and attempts of othering light will be shed on the above mentioned misrepresentations of Middle Easterners

criminal suspects dodging key safeguards of the right to liberty At least one quarter of these men as U S citizens The misuse of the material witness statute is one of the government s more egregious post September 11 abuses yet the practice has received little attention As this report documents by using the material witness law the Justice Department circumvented the requirement of probable cause of criminal conduct before an arrest is made It also denied the witnesses other constitutional and human rights safeguards Based on more than seventy interviews with material witnesses their families and counsel and a comprehensive review of material witness records this report documents the toll the arrests and detentions have had on post September 11 material witnesses and continues to have in their every day lives Page 4 of cover
