Houchin,2003-06-26 John Houchin explores the impact of censorship in twentieth century American theatre He argues that theatrical censorship coincides with significant challenges to religious political and cultural traditions Along with the well known instance of the House Un American Activities Committee in the 1950s other almost equally influential events shaped the course of the American stage during the century The book is arranged in chronological order It provides a summary of censorship in eighteenth and nineteenth century America and then analyses key political and theatrical events between 1900 and 2000 These include a discussion of the 1913 riot after the Abbey Theatre touring production of *Playboy of the Western World* protests against Clifford Odet s *Waiting for Lefty* performed by militant workers during the Depression and reactions to the recent play *Angels in America* **Eugene O'Neill's Creative Struggle** Doris Alexander,2010-11 In *Eugene O'Neill's Creative Struggle* Doris Alexander gives us a new kind of inside biography that begins where the others leave off It follows O'Neill through the door into his writing room to give a blow by blow account of how he fought out in his plays his great life battles love against hate doubt against belief life against death to an ever expanding understanding It presents a new kind of criticism showing how O'Neill s most intimate struggles worked their way to resolution through the drama of his plays Alexander reveals that he was engineering his own consciousness through his plays and solving his life problems while the tone imagery and richness of the plays all came out of the nexus of memories summoned up by the urgency of the problems he faced in them By the way of O'Neill this study moves toward a theory of the impulse that sets off a writer s creativity and a theory of how that impulse acts to shape a work not only in a dramatist like O'Neill but also in the case of writers in other mediums and even of painters and composers The study begins with *Desire Under the Elms* because that play s plot was consolidated by a dream that opened up the transfixing grief that precipitated the play for O'Neill and it ends with *Days Without End* when he had resolved his major emotional philosophical struggle and created within himself the voice of his

final great plays Since the analysis brings to bear on the plays all of his conscious decisions ideas theories as well as the life and death struggles motivating them documenting even the final creative changes made during rehearsals this book provides a definitive account of the nine plays analyzed in detail Desire Under the Elms Marco Millions The Great God Brown Lazarus Laughed Strange Interlude Dynamo Mourning Becomes Electra Ah Wilderness and Days Without End with additional analysis of plays written before and after
