The Divine Way To Realization:

Triadic Mysticism Paul E. Murphy, 1986-01-01 This book is the first consistent theological treatment of the subject of Hindu thought known to itself as Trika or Triadism and popularly as Kashmir Saivism Few Indic theologies equal it in architectonic power and mystical profundity Its highest category and goal is consciousness or Light whose foremost characteristic is Freedom This goal can be attained through four ways upayas The theology of these ways pertains to Gnostic or knowledge oriented Triadism whose prime theologian is Ahhinavagupta the emperor of Indic speculation [Zero to Zero : The Mystic Circle](#) Dr. Hari Chinthakunta, 2024-12-28 In today's fastpaced world we often overlook the profound meaning of Zero More than just a number Zero symbolizes infinite potential the essence of existence and the divine energy within us Unfortunately most of us only realize its significance when we face setbacks ZERO to ZERO The Mystic Circle is a spiritual exploration of life's ultimate truth journeying from ignorance the first ZERO to enlightenment the second ZERO This cycle reflects a path of selfrealization where one moves beyond material distractions and reconnects with their true divine essence The teachings of His Holiness Sri Vidyanarayana Theertha have profoundly shaped this work His wisdom has illuminated the path toward selfawareness and divine truth Presented with great reverence this book invites readers to embrace the cyclical nature of life discover inner peace and experience the infinite rhythm of the divine The Mystic Circle symbolizes the eternal rhythm of the divine demonstrating that life's cyclical nature leads one closer to oneness with the universe This work serves as a guide to help readers move beyond duality and awaken to the divine essence within themselves *The Christian Science Journal*, 1920
