## **The Gifted Listener:**

**The Gifted Listener** Michael Sardo, 2003 *The Gifted Listener* is a book for the music lover who hasn't any musical skills. This small volume is about classical music and its composers. It is simple and easy to read with just enough detail not to be confusing to the non-musician. The author has a special insight into classical music difficult even for a musician to understand. In this small work a goodly amount of territory covering composers, their music, and personal experiences in creative listening is covered. It is Sardo's opinion that listening is as creative as performing regardless of age and background. It is Michael Sardo's hope that *The Gifted Listener* will eventually be suggested reading in high school and Junior College musical appreciation classes. The author feels that his book should be considered for reading even in specialized secondary schools which concentrate in all areas of performing arts. There are many excellent comprehensive music reference books on the market for serious students of music to study and read. What makes *The Gifted Listener* unique is the way that it treats musical listening in everyday language. The beauty of this book is that it makes classical music come alive and at the same time is intimate to one's daily emotions. It is hoped that this book will encourage those that have not been touched with musical capability to continue on a joyful journey in creative listening such as the author has traveled. *Listener's Lure* Edward Verrall Lucas, 1906 *Saturday Review of Literature*, 1952-07 *Music and Imagination* Aaron Copland, 1952 Describes the all important role of the imagination in the composition, performance, appreciation, and intelligent comprehension of music and surveys its influence on contemporary music. **Aaron Copland** Marta Robertson, Robin Armstrong, 2003-08-27 Aaron Copland 1900-1990 is generally considered the most popular and well-known composer of American art music and yet little scholarly attention has been paid to Copland since the 1950s. This volume begins with a portrait of the composer and an evaluation of significant research trends which is intended to fill a void and to suggest directions for further research. The guide also provides a section discussing Copland's interdisciplinary interests such as ballet and film work as well as a comprehensive bibliography of writings about Copland and his music. *The Listener*, 1930 *The Ambitious Listener* Leo Rich Lewis, 1929 **Fundamentals of Musical Art: The art of listening** Edward Dickinson, 1927 *Programme* Boston Symphony Orchestra, 1963 *The Listener's History of Music* Percy Alfred Scholes, 1925 *The Listener's History of Music: To Beethoven* Percy A. Scholes, 1925 *South African Journal of Musicology*, 1985 *The Church Eclectic*, 1906 *Music*, 1895 **Listening to the Experts** Elizabeth B. Keefe, Veronica M. Moore, Frances R. Duff, 2006 In this one-of-a-kind book students with a range of disabilities speak candidly about their past and present school experiences both in self-contained classrooms and in inclusive environments. **Music Journal**, 1964 *The Listener*, 1970-04 **The Absolute Sound**, 2000 *The World of Music* G. Wallace Woodworth, 1964 **The Lectures of a Certain Professor** Joseph Farrell, 1906
