B. Yeats's Later Poetry](#) Tomoko Iwatsubo,2024-09-09 This book explores Yeats s later poetry through the metaphor of the poetic tower where different kinds of building architectural textual political and symbolic were closely interrelated It chronologically examines Yeats s tower poems composed during a period of dramatic personal and national transformation from 1915 to 1932 Within a year after the Easter Rising in Dublin Yeats acquired a half ruined Norman tower in County Galway Ireland which had enthralled him for the past two decades and textually and architecturally constructed it into a focus of his life and work Interweaving the account of the renovation of the actual building and the textual construction in the socio historical contexts the book reveals the evolution of Yeats s multiplex tower as an organizing principle of his later poetry Using the archive of correspondence and manuscript materials of relevant poems including those which have thus far escaped close attention the book offers close textual genetic analyses and a diachronic view of Yeats s tower poetry which with its foundations laid decades earlier he built in the collections from The Wild Swans at Coole 1919 to The Winding Stair and Other Poems 1933 Highlighting the delicate exchange between poetry and biography as well as between the textual architecture and the actual one identifying a turning point in the making of each tower oriented poem and proposing some draft dating revisions this first book length systematic study on the process of Yeats s creation of the tower casts an unfamiliar light on a familiar yet underexplored landmark in modern poetry and makes his step by step construction work come alive **The First Yeats** William Butler Yeats,2010-05-01 This landmark edition makes many of Yeats s early poems available to readers for the first time along with many of his own notes about Irish mythology and folklore Though he is best known for his later more political

Chapman,2018-05-31 The figures of Michael Robartes and Owen Aherne appear throughout the writing of the great Irish poet W B Yeats featuring in his poems short fictions dialogues and as authorities in notes to his work Bringing together into one volume published and unpublished writings featuring these two enigmatic figures W B Yeats s Robartes Aherne Writings traces their history and the development of Yeats s mystical thought that culminated twice in the publication of his visionary work *A Vision* 1925 1937 Including reproductions of manuscript and notebook pages as well as transcriptions and extracts from a wide range of Yeats s mystical writings and substantial commentary and annotation throughout this book is an essential resource for scholars of Yeats s thought his stylistic evolution and the esoteric influences on modernist writing in the early 20th century **The Collected Poems of W.
