Waiting Game:

The New Ireland Review, 1905 **90 Days to Knowing God Better** David McCoy, Trish McCoy, 2023-04-13 Almost everybody knows of God Many even know about God However just as people know some people better than others some people know God better than others Think of it like this When you know people on a personal or an intimate level don't you know what they are thinking even before they say it Or can't you read between the lines and know what they were thinking that they didn't say You probably even know what their wishes are without them having to tell you You know how their mind works and what they think what makes them tick and what makes them ticked While God is a God of love there is so much more to Him He has thoughts and opinions and emotions and feelings In the Bible God is said to love laugh enjoy take delight in rejoice as well as be angry happy jealous and glad Do you know Him that well The prophet Isaiah said that God sits on the circle of the Earth and we appear as grasshoppers yet He knows everything about us even the number of hairs on our head He has intimate knowledge of us In comparison at best we have only touched the surface of what we know of Him While He doesn't tell us everything He knows He has told us everything He wants us to know There are nuggets of truth burrowed deep in the scriptures for those who wish to learn of Him and make the effort to search for Him Now is a good time to get to know Him better Eternity is just ahead and it lasts a long time We serve a great God and He has good things planned for those who love Him He says in Ephesians that He is going to spend the ceaseless ages of eternity showing us His kindness That's a God worth knowing *You Can Be What You Want to Be*, Thought Provoking T.P. Anand, 2017-10-16 T P Anand has spent the past thirty years guiding educating inspiring and mentoring youth He has made it his passion to lead by example while encouraging younger generations to embrace their inner gifts and protect their intelligence Now he is intent on sharing his life lessons with the world with the hope that each will provoke thoughtful discussion In a collection of various articles he has penned over the past six years Anand explores diverse topics that provide insight on the key factors to achieving professional success the important role of a housewife the ways to transform thinking and attain results why teachers play a vital part in each of our lives the skills that we retain forever the value of time why expectations lead to disappointments the difference between sacrifice and contribution and why it is so imperative that the seven chakras within the body are aligned Thought Provoking shares fifty four articles that share a successful businessman's perspective on life and his methods to attaining personal and professional success in today's challenging world **Theology and Protest Music** Heidi M.
