the conventional wisdom she heard about the right way to raise a child That s when she turned to Attachment Parenting a philosophy and lifestyle popularized by well known physicians like Dr William Sears and Dr Jay Gordon To Mayim Attachment Parenting s natural child led approach not only felt right emotionally it made sense intellectually and instinctually She found that when she followed her intuition and relaxed into her role as a mother instead of following some rigid parenting script both she and her children thrived Taking into account her experience as a mother and her scientific background Mayim presents the major tenets of Attachment Parenting including Baby wearing How to wear your baby in a sling or a wrap to foster a closer bond with your child it s possible even for mamas with bad backs and with big babies Breastfeeding Learn how to listen to your baby s cues rather than sticking to a rigid schedule and why people on airplanes love a nursing mother Gentle discipline How to get your child to behave without yelling threats or time outs it really is possible Co sleeping How to avoid sleep training and get a great night s sleep for the whole family Without the pretense and luxuries typical of so many Hollywood actors and parents Mayim describes the beauty simplicity and purposefulness of Attachment Parenting and how it s become the guiding principle for her family Much more than a simple how to parenting guide Beyond the Sling shows us that the core principles underlying Attachment Parenting are universal and can be appreciated no matter how you decide to raise your child
