The fire took her future Now the ghost who started it has come to collect Isolde Vane is the Steel Relic of a dying dynasty a woman forced to restore the very walls that imprison her to pay off her father's gambling debts But when the Vane Estate is auctioned off to a faceless shadow she realizes the nightmare is only beginning Elias Thorne was supposed to be dead Five years ago he was the boy she loved today he is the Master of Whispers a man forged in ash and fueled by a vengeance that doesn't care who gets burned He has bought her name her home and her soul with ten million dollars of blood money He claims he's here to save her but his protection feels like a new kind of cage As the Blackwood Council closes in and a deadly cartel demands their due Isolde must decide if the man in her bed is her savior or the architect of her father's ruin In a valley built on lies the truth is the most dangerous weapon of all He bought her to save her She'll stay to destroy him But in the end will they both survive the fire
