*The Stranger's Child* Alan Hollinghurst, 2011-10-11 *The Stranger's Child* is Alan Hollinghurst's masterpiece the book that cements his position as one of the finest novelists of our time In its scope intelligence and elegance Sixteen year old Daphne Sawle is reading Tennyson in a hammock in the garden of Two Acres the family home in suburban London Her brother George arrives to visit with his Cambridge friend Cecil Valance a handsome assured and sometimes outrageous young man with a burgeoning reputation as a poet After a tantalizing and dramatic weekend Cecil writes a long poem in Daphne's autograph album as a parting gift It is titled Two Acres and both Daphne and George whose feelings for Cecil also go well beyond mere friendship immediately see how important the poem is but none of them can foresee the complex and lasting effects it will have on all their lives When the next section of the novel begins everything has changed Daphne is married to Cecil's brother Dudley Valance George to a historian named Madeleine and Cecil is dead killed by a sniper in World War One A Cabinet officer and man of letters named Sebastian Stokes is compiling an edition of Cecil's poems He is especially curious about Cecil's personal and passionate letters and unpublished poems papers that seem to have gone missing The book leaps forward to a party to celebrate Daphne's seventieth birthday We meet Peter Rowe a music teacher and his boyfriend Paul Bryant a bank employee with a feeling for Cecil's poetry Soon Paul is taking up an idea that Peter abandoned to write a biography of Cecil Valance It means making some startling discoveries about a past that the Valance family would prefer to keep in sepia and shadows *The Stranger's Child* is that rare thing a historical novel whose characters in their passions and

betrayals constantly surprise the reader and will surely be read for generations to come

**Queer Jewish Strangers in American Popular Culture** Amy Tziporah Karp, 2023-12-19 Queer Jewish Strangers in American Popular Culture Life Between Assimilation and Otherness explores LGBTQIA Jewish American identity in the United States and the queer Jewish stranger figures who live in between incorporation and estrangement Amy Tziporah Karp establishes that despite the near ubiquitous portrayal of Jewish American assimilation as a finished project completed in the wake of World War II in academic disciplines and throughout popular culture many LGBTQIA Jewish figures in contemporary popular culture inhabit stranger positionalities In these stranger spaces characters are forced to either perpetually attempt to assimilate or inhabit this interstitial stranger identity that is often viewed as a nowhere or homeless space Those who pursue assimilating endlessly try to fit in to no avail such as Jenny Schecter from Showtime's popular *The L Word* who is ultimately killed off on the show possibly murdered by her LGBTQIA community of friends Karp shows that those who attempt to make a home in a stranger positionality align themselves with other estranged and othered peoples such as characters throughout Sarah Schulman's novels and that this constitutes an ethical stance against the ways in which assimilation often inadvertently supports the workings of violent hegemonies in the United States
