**The Strawman** Katheryn Rosseau, *The Strawman* A chilling psychological thriller set in the frozen heart of Alaska On a bitterly cold Christmas Eve in 1993 the body of a young woman missing for ten years is found on a desolate road outside Moose Creek Alaska It s ruled a hit and run But when pregnant women start disappearing without a trace the truth becomes far more horrifying Their corpses are later discovered grotesquely preserved through taxidermy posed in macabre theatrical scenes The work of a meticulous and sadistic serial killer the press calls the Strawman With a rising body count and the town gripped by fear Officer Gustavo a weary local investigator teams up with Allegra a sharp determined detective from the South Together they must navigate a maze of secrets grief and escalating brutality before the killer strikes again Can they stop a psychopath who sees murder as art Or will they become part of his final masterpiece Dark suspenseful and disturbingly atmospheric *The Strawman* will keep you turning pages long into the night and stay with you long after the final reveal

[The Mystery of the Strawman](#) Donald Craig Miller,2024-10-28 It all began for detective Jake Jezreel with the discovery of an ancient letter A lost never before seen letter The inscription was a message from Jake s father from fifteen years before Happiness and sorrow were intertwined in that note But deep within the cipher rested a hidden menace from the dark past The menace was a criminal only identified as Strawman In fifteen years where had Strawman hidden himself Jake hadn t a clue what had happened to Strawman But in short order Jake Jezreel was about to find out And he will also discover that Strawman has a much more grandiose crime in mind than all his previous penny ante criminalities Soon after this discovery Jake is hired to deliver a pastoral letter for the Senior Pastor in the Jerusalem church Pastor James The letter would later become known as The Epistle of James The first destination for the letter is the coastal city of Caesarea the capital of Judea Upon arrival Jake encounters someone with a distant association to his past And in the process the detective uncovers a devious plot to assassinate one of the key personalities in the city during the Roman holiday celebration of Parilia Time is running out Jake is called in by the local authorities to discover and thwart the unseen unknown perpetrators But Jake has only a day and a half to ferret out the murderous gang before the Parilia celebration begins There is only one mysterious note as a clue It is signed Strawman

*The Strawman* Glen Cadigan,2025-09-30 For generations the citizens of Fort Michaelsen Iowa have been raised with the same warning Be home before dark or the Strawman will get you Part local legend part imagined bogymen Sheryl Dauphin knows the story well But when the college student goes missing the legend becomes real One year later as drama students at her alma mater prepare to shoot a low budget horror movie on an abandoned farm Sheryl is still missing And as their night shoots begin changes in their surroundings lead them to wonder if they re the only ones out there or if they have company at their remote location

[Straw Man Arguments](#) Scott Aikin,John Casey,2022-02-10 This book analyses the straw man fallacy and its deployment in philosophical reasoning While commonly invoked in both academic dialogue and public discourse it has not until now received the attention it deserves as a rhetorical

device Scott Aikin and John Casey propose that straw manning essentially consists in expressing distorted representations of one's critical interlocutor. To this end the straw man comprises three dialectical forms and not only the one that is usually suggested: the straw man, the weak man, and the hollow man. Moreover, they demonstrate that straw manning is unique among fallacies as it has no particular logical form in itself because it is an instance of inappropriate meta-argument or argument about arguments. They discuss the importance of the onlooking audience to the successful deployment of the straw man reasoning, that the existence of an audience complicates the dialectical boundaries of argument. Providing a lively, provocative, and thorough analysis of the straw man fallacy, this book will appeal to postgraduates and researchers alike working in a range of fields including fallacies, rhetoric, argumentation theory, and informal logic.

WRITING FOR PSYCHOLOGY: A STUDENT'S GUIDE offers concise assistance for students writing their research analyses using APA Style. By providing concrete examples of common errors, the authors are able to show rather than merely tell students what to do and what to avoid. This student-friendly manual will help students adhere to the basics of American Psychological Association (APA) style, refine critical thinking skills, library search skills, revising skills, editing skills, and proofing skills, and avoid plagiarism. This text is an adaptation of an earlier text published by Robert O'Shea. Checklists for students, which have been praised by reviewers, precede the summary at the end of every chapter, giving students the chance to make sure they have been thorough in their reports.
