Sister Gin June Arnold,1978 **Sister Gin** June Arnold,1989 Aging lesbian consciousness the difficulty of escaping from alcoholism these are the themes of June Arnold s extraordinary novel first published by Daughters in 1975 The novel stands squarely in the southern literary tradition depicting with memorable hilarity a group of elderly female vigilantes who take local rape deference into their own hands Critics and fellow writers have rightly lauded it as a classic of experimental fiction It is also a unique exploration of menopause as rebirth *Sister Gin* is a tour de force about lesbianism and alcoholism fat and feminism rape and race falling in love with your lover s mother s girlfriend and it has the very best description of hot flashes in literature Jane Marcus Marine Review and Marine Record ,1905 Includes section Book Reviews Queer Aging in North American Fiction Linda M. Hess,2019-01-24 Exploring representations of queer aging in North American fiction this book illuminates a rich yet previously unheeded intersection within American culture At a time when older LGBTQ persons gradually gain visibility in gerontological studies and in the media this work provides a critical perspective concerned with the ways in which the narratives and images we have at our disposal shape our realities Each chapter shines a spotlight on a significant work of queer fiction beginning with post WWII novels and ending with filmic representations of the 2010s exploring narratives as both reflections and agents of broader cultural negotiations concerning queer sexuality and aging As a result the book not only redresses queer aging s history of invisibility but also reveals narratives of queer aging to be particularly apt in casting new light on the ways in which growing older is perceived and conceptualized in North American culture *The Poachers (les Braconniers)* Jacques Offenbach,1873 *Women* ,1975 Vigilante Women in Contemporary American Fiction A. Graham-Bertolini,2011-09-26 Graham Bertolini provides the first analysis of vigilante women in contemporary American fiction She develops a dynamic model of vigilante heroines using literary and feminist theory and applies it to important texts to broaden our understanding of how law and culture infringe upon women s rights *Representing the Other* Sue Wilkinson,Celia Kitzinger,1996-07-16 This innovative collection addresses a challenging issue in contemporary feminist theory and practice whether and how we should represent members of groups to which we do not ourselves belong The discussions identify key concerns related to representation and difference Contributors draw on personal experiences of speaking for and about Others in their research professional practice writing or political activism Problems of representing Others with ethnic or cultural backgrounds different from one s own are highlighted and the discussions extend to representations of children prostitutes infertile women fat women gay men with HIV AIDS and people with disabilities Great expectations.
