Sixth Seal:

Under The Halo Rod Bergen,2025-02-12 Under The Halo is an examination of whether William Branham a twentieth century faith healer and evangelist was a prophet of God as believed by an estimated 1 to 1 5 million followers who call his teachings the Message Written by a former Message member who shares his journey into and out of this cult it s a well researched review of the prophecies visions stories and doctrines of William Branham things that can t be questioned by those in the Message Though most people today have never heard of William Branham he had a significant influence on Pentecostalism and the Christian Charismatic movement After his passing zealous followers carried his sermons around the world Today the bulk of his followers are found in small pockets globally Under The Halo will be illuminating for both former and present members of the Message and those interested in the history of the healing revival of the 1940s and 1950s or how fringe religious groups form and thrive Under The Halo is more than an examination of the critical errors in William Branham s prophecies credibility and teaching it also provides practical advice to anyone seeking to help members leave the Message

The Sixth Seal M. Catherine Hunte,2002-07 [Reading Revelation After Supersessionism](#) Ralph J. Korner,2020-11-11 In this volume Ralph Korner argues that John s extensive social identification with Judaism s Jewishness and Jewish institutions does not reflect a literary program of replacing Israel with the ekkl siai churches assemblies that is the Jewish and non Jewish followers of Jesus as Israel s Messiah Rather John is emplacing his Christ followers further within Israel without thereby superseding Israel as a national identity for ethnic Jews who do not follow Jesus as the Christos There are three primary roads travelled in this investigative journey First Korner explores ways in which a Jewish heritage is intrinsic to the literary structure genre eschatology symbolism and theological motifs of the Apocalypse Second he challenges the linear chronology of generally supersessionist dispensational readings of Revelation s visionary content by arguing for a reiterative repetitive structure based on certain literary devices that also provide structure for visions within Jewish apocalypses and Hebrew prophecies Third he incorporates the most recent research on ekkl sia usage especially in Asia Minor to assess how John s ekkl sia associations might have been non supersessionally perceived especially by Jews in Roman Asia
