Sixties Design:

Sixties Design Philippe Garner, 2001 *Sixties Design* explore accompagnée d'abondantes illustrations une décennie fascinante. Le texte aborde les thèmes principaux du courant moderniste, culture pop, style rétro de l'espace, tendance utopiste et anti-design, soulignant l'impact des idées nouvelles sur toutes les branches du design. Dans le sillage du texte, l'iconographie, la mode, l'architecture et l'urbanisme. Pour la première fois, un ouvrage analyse les tendances internationales du design au cours d'une décennie dont on reconnaît de plus en plus l'importance sur le plan visuel au sein du vingtième siècle. Une décennie dont se rappellent avec attendrissement ceux qui l'ont vécue et qui passionne la jeune génération. **The Sixties** Lesley Jackson, 1998 Lesley Jackson traces the transition from the contemporary design of the 1950s to the pure geometry of the look and the styles that proliferated throughout the momentous events of the 1960s. **Sixties Design** Pepin van Roojen, 2019 [House & Garden Sixties House](#) Catriona Gray, *House & Garden*, 2016-04-05 From Pop art to Op art, plastic furniture to bubble gum paint colours, the Sixties saw a new wave of interior design that was closely linked to popular culture and fashion, becoming increasingly youth-oriented and playful to appeal to the new generation of baby boomers. In *Sixties House*, mid-century modern enthusiast Catriona Gray has drawn on the magazine's peerless archive, curating the best illustrations and photographs to show how the use of color, pattern, homewares and furniture evolved through the decade. The homes of key tastemakers are featured, including Bridget Riley, Mary Quant, David Mlinaric, Barbara Hulanicki of Biba and David Bailey. The second title in the new *Decades of Design* series, *House & Garden Sixties House* is required reading for mid-century modern enthusiasts, collectors and decorators in search of inspiration from the most influential homes of the past. [Design School Reader](#) Steven Heller, 2020-08-04 An Essential Collection of Essays and Musings on Graphic Design from One of the Field's Leading Educators. In this wide-ranging compilation, art director, writer and lecturer Steven Heller shares his passion for graphic design with readers whom he invites to consider that design can be discerned in all things natural and manmade. Developed as content for a class devoted to reading, this collection is not overtly about conventional design but about a variety of topics viewed through the lens of design. Offered as a primer for undergraduate and graduate students, *Design School Reader* presents more than forty essays on subjects such as: The role of design in politics, Visual culture and the social impact of design, Key moments in the history of typography, Technological innovations, The power of branding and logos, Ethical considerations and dilemmas, Important figures in the design world. Divided into five parts: Design Language, Design Dialects, Politics, Ideology, Design Business and Commerce, and Inspiration and Discoveries, each section features a collection of essays culled from Heller's extensive publications from the past several decades. At the end of every essay, readers will find discussion points to prompt further lines of inquiry. As Heller notes, "The key is to read, discuss and debate." Students, aficionados and anyone with a healthy curiosity will thoroughly enjoy this illuminating and thought-provoking assemblage of

perspectives on the practice **History of Modern Design** David Raizman,2003 An exploration of the parallel development of product and graphic design from the 18th century to the 21st The effects of mass production and consumption man made industrial materials and extended lines of communication are also discussed **Designing Social Systems in a Changing World** Bela H.
