## **Sixties The:**

The 1960s in Australia Shirleene Robinson, Julie Ustinoff, 2012-01-17 The 1960s is one of the most heavily mythologised decades of the twentieth century More than 50 years on the era continues to capture the public's imagination The 1960s in Australia People Power and Politics recognises the complexity of social and cultural change by presenting a broad range of contributions that acknowledge an often overlooked fact that not everyone experienced the 1960s in the same way The diversity of the time is confirmed by contributions from a number of expert Australian historians who each provide an insight into Australia in the 1960s offering an understanding of the social realities of this period as well as the ebbs and flows of transnational influence This collection includes a featured contribution by prominent Australian historian Raymond Evans who provides a personal insight into the 1960s Other contributors also place the lived experience at the centre of their analysis by considering the growth of modern flats the impact of cosmopolitanism and sex and sexuality in the Sixties The book also highlights the way power was deployed and deconstructed during this era by considering the psychiatric profession the agenda of the counter culture and the role that women's magazines played in reinforcing dominant gender paradigms The complex politics of the era are also explored through the transnational impact of figures such as Anthony Crosland the impact of the Vietnam War and the multiplicity of motivations behind the anti war protest and the Aboriginal rights movement of the era The 1960s in Australia Power People and Politics is a fresh focus on a significant time in Australia's history It brings together a collection of innovative and engaging explorations into the Australian Sixties which underline the complexity of the time TV Guide Stephen F. Hofer, 2006 This book looks at the origins and growth of television through the pages of TV Guide and covers the complete run of this American icon from the first guides in 1953 to the last issue in guide format on October 9 2005 It includes full color reproductions of every cover ever printed and is both a collector's guide with pricing included and a retrospective view of the medium The Seventies Now Stephen Paul Miller, 1999 The Seventies Now will interest students and scholars of cultural studies American history gay and lesbian studies theories of technology film and literature Outlaws of America Dan Berger, 2006 The fiery true story of America's most famous radical fugitives urgently and passionately told Making Peace with the 60s David Burner, 1998-01-11 This history of America in the 1960s covers the civil rights movement Kennedy and the Cold War the counter culture and Beat Generation the student rebellion and the Vietnam War It argues that liberalism self destructed by emphasizing race and ethnicity instead of class and wealth
