Anna Fleming, 2022-01-06 SHORTLISTED FOR THE WAINWRIGHT PRIZE AND THE BOARDMAN TASKER AWARD FOR MOUNTAIN LITERATURE With great lyricism Anna Fleming charts two parallel journeys learning the craft of traditional rock climbing and the developing appreciation of the natural world it brings her Through the story of her progress from terrified beginner to confident lead climber she shows us how placing hand and foot on rock becomes a profound new way into the landscape Anna takes us from the gritstone rocks of the Peak District and Yorkshire to the gabbro pinnacles of the Cuillin the slate of North Wales and the high plateau of the Cairngorms Each landscape and each type of rock brings its own challenges and invites us into the history of a place **Construction Methods**, 1974 *Look Ma, "Hands" on Poetry* Adele Steiner, 2008-05 The workshops in Look Ma Hands on Poetry are designed to help teachers and poets familiarize elementary through high school students with a variety of creative and fun ways to engage their imaginations and write poetry They do so by encouraging teachers and students to explore together the art of poetry i e the art of employing the five senses to capture experience in language The workshops also introduce young writers to a wide range of poets and the poetic techniques and styles that they have incorporated in their writing As a result when students complete a series of workshops from this book they will know how to write a poem They may enjoy reading more poetry too because they will have a solid understanding of how poetry works Finally there are exciting ideas in Look Ma Hands on Poetry for ways in which young writers can exhibit and perform their poetry The workshops in this book run from 45 60 minutes with the time divided into three segments In the first the teacher reads and discusses poems that are examples of the types of poetry students will be writing In the second the teacher introduces the writing assignment and has students begin writing Finally students who finish poems are invited to share them in the remaining class time Because poetry is the art of capturing experience in language the workshops are structured around sight smell taste touch and sound Each of the workshops in the first five chapters is geared toward exploring one of these senses and the two later chapters contain workshops that require students to use all five to write their poems As a result workshops from each chapter may be used individually or in sequence to create one or twoweek poetry units that teachers and students can enjoy Workshops in the book include the Sleight of Hand and Animal Mask Workshops wherein students use metaphor simile and personification to create imagery in poems They use music and musical instruments to help them create sound and rhythm in the Native American Chant and Rap Workshops and then they literally play with words to write Bingo and Multiple Voice Poems Young people have opportunities to express their feelings through poetry in the Blues Love Potion and Ode Workshops and finally they use their five senses simultaneously when writing Bubble and Rainbow Poems and when they interpret paintings sculpture and music in Echphrastic Poems The book s final section presents creative ideas for poetry readings books and displays Suggestions for readings include the
