The Short Sharp Life of T. E. Hulme Robert Ferguson,2012-05-15 Prior to the First World War T E Hulme was one of the most original and striking creative personalities in England strongly admired by both Pound and Eliot Yet he died in 1917 virtually unknown A key figure in the genesis of Modernism Hulme mixed among a great range of gifted artists and was never shy of courting controversy Unusually among poets of his generation he was convinced of the rightness of Britain s role in the war and criticised Bertrand Russell for his pacifism Robert Ferguson offers the first modern biography of Hulme drawing upon access to Hulme s papers and later interviews with his associates A humane comprehensive biography By the end Ferguson s final judgment of his subject the conservative character at its best seems justified Jeremy Noel Todd Observer *T.E. **Modernism Between Benjamin and Goethe** Matthew Charles,2019-12-12 Widely regarded as one of the foremost cultural critics of the last century Walter Benjamin s relation to Modernism has largely been understood in the context of his reception of the aesthetic theories of Early German Romanticism and his associated interest in avant garde Surrealism But

this Romantic understanding only gives half the picture Running through Benjamin's thought is also a critique of Romanticism developed in conjunction with a positive engagement with the philosophical artistic and historical writings of J W von Goethe In demonstrating the significance of these Goethean elements this book challenges the dominant understanding of Benjamin's philosophy as essentially Romantic and instead proposes that Goethe's Classicism conceived as the counterpoint to Romanticism permits a corrective to the latter's deficiencies Benjamin's Modernist concept of criticism it is argued is constituted in the movement between these polarities of Romanticism and Classicism Conversely placing Goethe's Classicism in relation to Benjamin's practice of literary criticism reveals historical tensions with Romanticism that constitute the untimely indeed it will be argued cinematic Modernism of his work Adopting a transcritical approach this book alternates between Benjamin and Goethe in relation to the experiences of colour language and technology assembling a constellation of philosophical and artistic figures between them including the writings of Kant Nietzsche Cohen Deleuze Koselleck Klages and the work of Gr newald Mar es Klee Turner Hulme Eisenstein Tretyakov and Murnau *T.E. Hulme and Modernism* Oliver Tearle,2013-10-17 Through close readings this book explores T E Hulme's influence on key Modernist writers and how he might offer a new model of creative critical practice **The Complete Poetical Works of T. E. Hulme** Thomas Ernest Hulme,1912 **Critic as Scientist** Ian F. A. Bell,2023-08-11 First published in 1981 Critic as Scientist provides a detailed and scholarly account both of the scientific background and of contemporary artistic issues in its analysis of Ezra Pound's poetics During the crucial period of his years in London Ezra Pound was striving to formulate not only a new system of poetics but also a new language through which he could both define the critic's procedure and announce his modernity It was in science that Pound discovered the vocabulary that became his most characteristic gesture during the literary crises of the time The use of scientific terminology in his propaganda for a new renaissance belonged initially to specifically American modes of aesthetic tradition as typified by Whistler and aspects of New England transcendentalism A consideration of popular versions of physics and biology and of the scientific attitude displayed by such contemporaries as Fenollosa Hulme Ford and Eliot reveals that the major terms and practices of Pound's critical vocabulary were located in the issues of nineteenth and early twentieth century science The author has sought to demystify key words in the Poundian vocabulary and has suggested a wider literary and cultural context for the study of Pound's aesthetic theory This book will be of interest to students of literature **Modernist War Poetry** Jamie Wood,2022-10-19 This study examines the work of the principle architects of Anglo American modernist poetics T S Eliot H D Ezra Pound Gertrude Stein Edward Thomas and Wallace Stevens and their response to the challenge of combatant war poetries It argues that these civilian poets sought to negotiate directly with the combatant's gnosticism specifically with the combatant's assertion that only those present at a catastrophe could properly represent its horrors The modernists rightly identified that gnosticism was a threat to their own representational claims on an increasingly traumatic modernity How was the imagination to be salvaged in order that it could

still feel into the wounded experience of others In response to this challenge the modernists drafted their own imagined war poems developing in the process several different and contradictory poetic systems Whereas scholarship ordinarily tells the story of intra war modern poetry as a series of different schools the trench lyric the home front elegy and the modernist long poem each moving in a different direction this study brings those traditions back together into one history by treating them as idiosyncratic responses to the same aesthetic problem [The Life and Opinions of T.E.
