Technique Of Solar Returns:

The Technique of Solar Returns Alexandre Volguine, 1976 *Solar Returns* Ciro Discepolo, 2011-06-01 In the opinion of the Author this book should be studied together with the other titled Transits and Solar Returns because this one is over all about the technique of Solar Returns starting from the meaning of a Solar Return and continuing with the calculations to get a SR Solar Return and a lot of related technical problems like By What Strength a Solar Return Works Which Place You Should Consider to Calculate a Solar Return Long and Short Ascension Signs How to Make Manual Calculations What is the Annual Progression of Sidereal Time From When to When a Solar Return Works How Long it Is Necessary to Remain in the SR Location What Happens if the Time Zone Changes The Results of the Last Researches For example in the latter we read Remember that Saturn is always stronger than Jupiter or Venus or the Sun So if you place in a SR chart a Saturn close to Midheaven and contemporarily you place Jupiter or Venus exactly joined to Midheaven your SR Tenth House will work as Saturn works and not as Jupiter or Venus In the book there are also sixty examples of Solar Returns in order to explain in a very practical way all the theory and the interpretations contained here The Ascendant of the SR in the Radix Houses Celestials in the SR Houses etc It is the first full length volume by Ciro Discepolo about Solar Returns and it has been revised many times since 1993 to the present **Prediction Techniques Regarding Romance** Ana Ruiz, 2006-02 Relationships are such a vital part of our lives and what better way than astrology is there to help understand their nature direction and outcome Prediction Techniques Regarding Romance provides the tools needed to answer pressing questions concerning such matters and clearly illustrates how they are to be applied The author has put together the many astrological systems available such as Arabian Parts horary charts lunations composite charts transits progressions and much more Actual case studies are provided for added insight along with simple calculation instructions **The Astrology Book** James R Lewis, 2003-03-01 The most complete and affordable single volume reference on Astrology available anywhere This massive 928 page tome is the definitive work on celestial forces and the influence of the stars and other heavenly bodies on human personality behavior and fate The Astrology Book The Encyclopedia of Heavenly Influences defines and explains more than 800 astrological terms and concepts from air signs to Zeus and everything in between Students of the sun and stars and the laypeople interested in knowing more about those passionate Scorpios or intuitive Pisceans can examine the total astrology culture famous astrologers heavenly bodies explanations and interpretations of every planet in every house and sign even pesky technical terms And to further them on their star quest The Astrology Book includes a special section on casting a chart It also includes a table of astrological glyphs and abbreviations a helpful bibliography an index and a list of organizations books periodicals and websites dedicated to the study of the influences reigning from the heavens The wealth of information it contains makes it is one of the most useful guides to astrology available today Transits and Solar Returns Ciro Discepolo, 2013-07 Transits and Solar Returns is a uniquely useful tool for interpreting transits to the birth chart

and the annual solar return Included are extensive sections that delineate the transits in the houses and in aspect to all of the other planets both harmonious of dissonant as well as delineation of all of the planets in all of the solar return houses The book begins with the author s Thirty Rules for interpreting transits and solar returns These rules which go beyond many of those found in other books are based on the author s extensive experience and research These rules of interpreting function as a practical how to for reading transits and solar returns using a step by step method that s easy to follow and implement There are numerous examples to illustrate the author s interpretation method Useful and extensive appendices offer guidelines for solar return interpretation and relocation on the birthday in order to maximize positive planetary placements and minimize the negative

Classical Solar Returns J. Lee Lehman,2012 Solar returns employ the astrological technique of reading the next year s activity for a chart calculated for when the transiting Sun returns to its natal position Almost every Western astrologer has tried to use solar returns However there have been so many methods proposed that the beginner in this technique is often bewildered about how to get the core meanings out of this system Dr Lehman uses 240 examples including one example of 11 consecutive returns and another with 41 consecutive returns as well as other examples by subject to illustrate not only the cycles found within solar returns but how to apply them Learn about solar returns for relationships jobs financial success children relocation education honors medical issues as well as death Dr Lehman takes you through the method the application and the kinds of issues raised by this method

Primer of Sidereal Astrology Cyril Fagan,Roy Firebrace,2008-07 This volume contains a wealth of information and explicit calculations for using the sidereal zodiac After introducing the sidereal technique the authors continue with the method of conversion from the tropical zodiac They go on to describe and demonstrate the progressed horoscope primary directing of the angles the sidereal solar return and solar quotidian progression Examples are used throughout Continuing on the authors introduce progressions the progressed sidereal solar return regression and sidereal lunar return Includes an extensive section on the art of interpretation If you use the tropical zodiac but want a concise and complete description of sidereal astrology this is the book for you
