Max Rooses

The Archbishops Ceiling:

The Archbishop's Ceiling Arthur Miller, 2015-12-01 A masterful mix of art sex and politics behind the Iron Curtain by America's greatest dramatist In an unnamed Eastern European capital four writers gather in what was once an archbishop's palace There is Adrian a successful American author struggling with questions about a novel he has set in the city and Marcus a once imprisoned radical who has become a darling of the current regime Finally there is Sigmund perhaps the country's greatest living writer who refuses to compromise his artistic integrity to appease the regime Between them all is Maya a poet and actress who has been a mistress and muse to each man The ornately decorated ceiling above them may or may not be bugged and the group carefully watches their words as they discuss the play's central dilemma should Sigmund stay and resist the oppressive state or should he defect and pursue his art in freedom Their conversation poses crucial questions about mass surveillance morality and the authenticity of art and remains as relevant today as it was during the height of the Cold War
