The Art Lebon:

Guidelines for the Technical Examination of Bronze Sculpture David Bourgarit, Jane Bassett, Francesca Bewer, Arlen Heginbotham, Andrew Lacey, Peta Motture, 2025-02-11 The essential reference for anyone engaged in the material study of cast bronze sculpture Since the fourth millennium BCE bronze has been the preferred medium for some of the most prestigious and sacred works of art But only through interdisciplinary research can the fabrication of these extraordinary objects be properly investigated interpreted and documented This innovative publication bridges the expertise of myriad art technological specialists to create a new framework for advancing the understanding of bronze sculpture Essential reading for curators conservators scientists archaeologists sculptors metallurgists founders dealers collectors and anyone interested in the life cycle of a bronze this volume explains how to identify the evidence of process steps metals used casting defects and surface work and alterations before moving on to address analytical techniques ranging from visual exams to imaging material analyses and dating The guidelines are accompanied by detailed illustrations including videos charts and animations a robust vocabulary ensuring precision across English German French Italian and Chinese a diverse selection of case studies and a comprehensive bibliography The free online edition of this open access publication is available at getty.edu/publications/bronze-guidelines and includes videos and zoomable illustrations Also available are free PDF and EPUB downloads of the book

Secret Sects of Syria and the Lebanon Bernard H. Springett, 1922 **Secret Sects of Syria and the Lebanon** is a book written by Bernard H Springett in 1922 The book provides a detailed analysis of the origin beliefs and religious ceremonies of various secret sects that existed in Syria and Lebanon during that time The author delves into the history of these sects tracing their roots back to ancient times and exploring how they evolved over the centuries The book covers a wide range of topics related to these secret sects including their religious beliefs practices and rituals It also examines the role that these sects played in the social and political life of the region as well as their impact on the wider world Throughout the book Springett provides a wealth of information and insights into these secret sects drawing on a variety of sources including historical records religious texts and personal observations He provides a fascinating glimpse into a world that was largely unknown to outsiders at the time Overall **Secret Sects of Syria and the Lebanon** is a valuable resource for anyone interested in the history and culture of the Middle East as well as those interested in the study of religion and spirituality

And Their Connection With And Influence Upon Modern Masonry This scarce antiquarian book is a facsimile reprint of the old original and may contain some imperfections such as library marks and notations Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to their original work
