## **The Mabacre:**

**The Massacre in History** Mark Levene, Penny Roberts, 1999 The role of massacre in history has been given little focused attention either by historians or academics in related fields This is surprising as its prevalence and persistence surely demands that it should be a subject of serious and systematic exploration What exactly is a massacre When and why does it happen Is there a cultural as well as political framework within which it occurs How do human societies respond to it What are its social and economic repercussions Are massacres catalysts for change or are they part of the continuity of the human saga These are just some of the questions the authors address in this important volume Chronologically and geographically broad in scope The Massacre in History provides in depth analysis of particular massacres and themes associated with them from the 11th century to the present Specific attention is paid to 15th century Christian Jewish relations in Spain the St Batholemew s Day massacre England and Ireland in the civil war era the 19th century Caucasus the rape of Nanking in 1937 and the Second World War origins of the Serb Croat conflict The book explores the subject of massacre from a variety of perspectives its relationship to politics culture religion and society its connection to ethnic cleansing and genocide and its role in gender terms and in relation to the extermination of animals The historians provide evidence to suggest that the massacre is often central to the course of human development and societal change *Armenian Massacres* Frederick Davis Greene, 1896 [History of the Arkansas Valley, Colorado](#), 1881 Details the history of Arkansas Valley Colorado with a emphasis on county history **Royal Navy List**, 1905 *Harper's New Monthly Magazine*, 1899 Harper s Magazine made its debut in June 1850 the brainchild of the prominent New York book publishing firm Harper Brothers Harper s Magazine the oldest general interest monthly in America explores the issues that drive our national conversation through long form narrative journalism and essays and such celebrated features as the iconic Harper s Index With its emphasis on fine writing and original thought Harper s provides readers with a unique perspective on politics society the environment and culture **The Encyclopædia Britannica** Hugh Chisholm, 1910 *The Midland Monthly*, 1895
