American Hour Os Guinness, 1993-05-30 An internationally known writer and speaker on religion and public life brilliantly analyzes the causes of our current moral malaise Os Guinness examines how perilously close we have come to losing the shared beliefs traditions and ideals that have helped shape America and sets forth a compelling view of a new role for religion and faith *American Journal of Islamic Social Sciences 15:4* Malik B. Badri, Shafiq Falah Alawneh, Salisu Shehu, Mustapha Achoui, The American Journal of Islamic Social Sciences AJISS established in 1984 is a quarterly double blind peer reviewed and interdisciplinary journal published by the International Institute of Islamic Thought IIIT and distributed worldwide The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology history philosophy and metaphysics politics psychology religious law and traditional Islam **American Journal of Islamic Social Sciences 16:4** Abdullah Yavas, M. Umer Chapra, Monzer Kahf, Mustafa Koylii, The American Journal of Islamic Social Sciences AJISS established in 1984 is a quarterly double blind peer reviewed and interdisciplinary journal published by the International Institute of Islamic Thought IIIT and distributed worldwide The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology history philosophy and metaphysics politics psychology religious law and traditional Islam *The Fragmented Nation* Salvador Rivera, 2025-10-24 The myth of the Black Legend a persistent representation of Spaniards as little more than looters and rapists looms large in histories of Latin America To rectify this misconception this book argues that Latin America was in the vanguard of progress and modernity It examines antagonisms between Spain and Portugal and each country s expansion in the 1700s relations between the Spanish and Portuguese Indians rivalry with other foreign empires the Encomienda the runaway slave community of Brazil the Guarani rebellion the impact of the U S and French revolutions on the region and many other points critical to a full and accurate political portrait of the region The United States in Texas the Mexican American War the Cuban military in Angola and Ethiopia the Falklands Malvinas War and other challenges to U S

and European hegemony receive extensive coverage The study examines support and resistance to neoliberalism leftist movements and competing visions of globalization in Latin America Political and economic integration in Latin America also is discussed The Constitution ,1987 Indigenous Revolution in Ecuador and Bolivia, 1990-2005 Jeffery M. Paige,2020-05-05 Uprisings by indigenous peoples of Ecuador and Bolivia between 1990 and 2005 overthrew the five hundred year old racial and class order inherited from the Spanish Empire It started in Ecuador with the Great Indigenous Uprising which was fought for cultural and economic rights A few years later massive indigenous mobilizations began in Bolivia culminating in 2005 with the election of Evo Morales the first indigenous president Jeffrey M Paige an internationally recognized authority on the sociology of revolutionary movements interviewed forty five indigenous leaders who were actively involved in the uprisings The leaders recount how peaceful protest and electoral democracy paved the path to power Through the interviews we learn how new ideologies of indigenous socialism drew on the deep commonalities between the communal dreams of their ancestors and the modern ideology of democratic socialism This new discourse spoke to the people most oppressed by both withering racism and neoliberal capitalism Emphasizing mutual respect among ethnic groups including the dominant Hispanic group the new revolutionary dynamic proposes a communal worldview similar to but more inclusive than Western socialism because it adds indigenous cultures and nature in a spiritual whole Although absent in the major revolutions of the past century the themes of indigenous revolution democracy indigeneity spirituality community and ecology are critically important Paige s interviews present the powerful personal experiences and emotional intensity of the revolutionary leadership They share the stories of mass mobilization elections and indigenous socialism that created a new form of twenty first century revolution with far reaching applications beyond the Andes **A Plea for Common Sense** Jim Castelli,1988 **The Culture War in America** Bob Rosio,1995 **The American Retreat** Joseph Churba,1984 **The Satanizing of the Jews** Joel Carmichael,1992 The literature about anti Semitism is vast However much of what has been written about it takes the existence of this phenomenon for granted giving us a history of anti Semitism without explaining what it really is Carmichael s treatise is different It is not primarily a history of atrocities it goes to the roots thus clearing the confusion about the distinction between mystical anti Semitism and other forms of racism Mystical anti Semitism is a singular idea which culminated in the Holocaust and is still alive today Carmichael contends that it has nothing to do with a personal hatred of the Jews He argues that the view of anti Semitism as being directed against real life Jews has in fact helped objectify the irrational hatred that is at its core Anti Semitism received its mystical element when the Church Fathers transformed historical theory into theology St Paul believed in the imminence of the Kingdom of God which would be the end of history and reverse the injustice done to the Jews To him God s reentering history was delayed only until the God forces in this world had finally defeated the Devil forces Yet the world did not end and in the wake of Rome s crushing victory over Judea in the Roman Jewish War the idea of the Kingdom of God was postponed indefinitely Instead the Universal Church took

over God's place in the world and the Devil's role was assigned to those who rejected Jesus and have since been blamed for his death the Jews The rise of Christianity established anti-Semitism politically it finally gained a broad popular basis during the Crusades eventually leading to international prosecutions Ghettos were established as a consequence of the Reformation Carmichael describes the waning of theology's influence during the 18th century which only caused the concepts of Jew and Jewish to become abstract and ultimately being equated with Pure Evil the development of the concept of race in the 19th century which turned anti-Semitism from a theological notion into a biological one as exemplified most radically and horribly by Hitler and Communism's contribution to the perseverance of anti-Semitism In an epilogue Carmichael distinguishes mystical anti-Semitism from the Arab opposition to the State of Israel and examines what the future has in store for the Jews
