

The Septuagint And Modern Study

James Ridgway (B.D.)

The Septuagint And Modern Study:

The Septuagint and Modern Study Sidney Jellicoe, 1993 Twenty five years after it first appeared Jellicoe's classic work is still one of the most comprehensive introductions to the Septuagint and cognate studies Its completeness makes it valuable not only as a textbook but also as a reference tool for those working in the Septuagint In bringing together the principal features of twentieth century Septuagint studies the author provides a wealth of valuable information The first part of the book traces the origins and transmission history of the LXX The second part moves to a discussion of the various LXX manuscripts versions and critical editions along with a brief discussion of language and style The appendixes bibliography and various indexes increase the resource value of this volume *The Septuagint and modern study* Sidney Jellicoe, 1989

The Septuagint and Modern Study Sidney Jellicoe, 1968 *Essential Bible Study Tools for Ministry* Professor David R. Bauer, 2014-03-18 This up to date highly selective bibliography is designed to acquaint students and ministers with major works significant publishers and prominent scholars in biblical studies It is the perfect guide for beginning a research project or building a ministerial library References are included based on the following considerations 1 usefulness for the theological interpretation of the Bible within the context of the faith of the church 2 significance in the history of interpretation and 3 representation of evangelical and especially evangelical Wesleyan scholarship *The Septuagint's Translation of the Hebrew Verbal System in Chronicles* Roger Good, 2009-12-07 This book is the first detailed investigation of the translation of the Hebrew verbs of Chronicles into Greek especially from the perspective of two diachronic developments that of the Hebrew verbal system and that of the trend toward a more literal translation of the Bible The translation provides a view of the Hebrew verbal system in the Hellenistic period approx 150 BCE as part of the continuum in the development of the Hebrew verbal system from classical biblical Hebrew to Mishnaic Hebrew The translation also testifies to the trend in the process of the translation of the Bible from the freer but still literal translation of the Pentateuch and Samuel Kings to the slavishly literal translation of Aquila [The Canon Debate](#) Lee Martin McDonald, James A. Sanders, 2001-12-01 What does it mean to speak of a canon of scripture How when and where did the canon of the Hebrew Bible come into existence Why does it have three divisions What canon was in use among the Jews of the Hellenistic diaspora At Qumran In Roman Palestine Among the rabbis What Bible did Jesus and his disciples know and use How was the New Testament canon formed and closed What role was played by Marcion By gnostics By the church fathers What did the early church make of the apocrypha and pseudepigrapha By what criteria have questions of canonicity been decided Are these past decisions still meaningful faith communities today Are they open to revision These and other debated questions are addressed by an international roster of outstanding experts on early Judaism and early Christianity writing from diverse affiliations and perspectives who present the history of discussion and offer their own assessments of the current status Contributors William Adler Peter Balla John Barton Joseph Blenkinsopp Francois Bovon Kent D Clarke Philip R Davies James D G Dunn Eldon Jay Epp Craig A Evans
