The War Of Jenkins Ear:

The War of Jenkins' Ear Robert Gaudi,2021-11-02 Filled with unforgettable characters and maritime adventure the incredible story of a forgotten war that shaped the fate of the United States and the entire Western Hemisphere In the early 18th century the British and Spanish Empires were fighting for economic supremacy in the Americas Tensions between the two powers were high and wars blossomed like violent flowers for nearly a hundred years from the War of Spanish Succession sometimes known as Queen Anne s War in the Americas culminating in the War of Jenkins Ear This war would lay the ground work for the French and Indian War and eventually the War of the American Revolution The War of Jenkins Ear was a world war in the truest sense engaging the major European powers on battlefields ranging from Europe to the Americas to the Asian subcontinent Yet the conflict that would eventually become known as the War of Jenkins Ear a moniker coined by the 19th century historian Robert Carlyle more than a century later is barely known to us today Yet it resulted in the invasion of Georgia and even involved members of George Washington s own family It would cost fifty thousand lives millions in treasure and over six hundred ships With vivid prose Robert Gaudi takes the reader from the brackish waters of the Chesapeake Bay to the rocky shores of Tierra del Fuego We travel around the Cape of Good Hope and across the Pacific to the Philippines and the Cantonese coast with stops in Cartagena Panama and beyond Yet even though it happened decades before American independence The War of Jenkins Ear reveals that this was truly an American war a hard fought costly struggle that determined the fate of the Americas and in which for the first time American armies participated In this definitive work of history the only single comprehensive volume on the subject The War of Jenkins Ear explores the war that established the future of two entire continents
