Trouble with Verbs? David Bolton, 1998 *On Crucial Problems of the English Verb* Sándor Rot, 1988 The linguistic literature devoted to the lexico grammatical categories of the English verb is quite controversial Among its crucial issues problems of aspect tense temporal relations syntactic valency synonymy phrases etc occupy a prominent place A stringent sifting of earlier ways of treating these problems combined with a thorough genetic synchronous and contrastive typological analysis of a large corpus of linguistic material has helped us to shed new light on the essentials of the macrosystem of Present Day English and to formulate new theoretical and applied linguistic conclusions
