Cult Television Sara Gwenllian-Jones,Roberta E. Pearson,2004 A television series is tagged with the label cult by the media advertisers and network executives when it is considered edgy or offbeat when it appeals to nostalgia or when it is considered emblematic of a particular subculture By these criteria almost any series could be described as cult Yet certain programs exert an uncanny power over their fans encouraging them to immerse themselves within a fictional world In Cult Television leading scholars examine such shows as The X Files The Avengers Doctor Who Babylon Five Star Trek Xena Warrior Princess and Buffy the Vampire Slayer to determine the defining characteristics of cult television and map the contours of this phenomenon within the larger scope of popular culture Contributors Karen Backstein David A Black Seton Hall U Mary Hammond Open U Nathan Hunt U of Nottingham Mark Jancovich Petra Kupperts Bryant College Philippe Le Guern U of Angers France Alan McKee Toby Miller New York U Jeffrey Sconce Northwestern U Eva Vieth Sara Gwenllian Jones is a lecturer in television and digital media at Cardiff University and co editor of Intensities The Journal of Cult Media Roberta E Pearson is a reader in media and cultural studies at Cardiff University She is the author of the forthcoming book Small Screen Big Universe Star Trek and Television

The X-Files Theresa L. Geller,2016-12-05 A social and cultural analysis of The X Files focusing on the genres the program employed in its interrogation of American history politics and identity Premiering in 1993 on FOX Network The X Files followed the investigations of two FBI special agents Fox Mulder and Dr Dana Scully as they pursued the supernatural the bizarre and the alien as well as the government conspiracies at work to conceal the truth of their existence For nine seasons Chris Carter s series broke new ground in complex narrative television by integrating science fiction and horror with the forensic investigation of the detective genre Shaped by the conspiracy films of the 1970s the series had the ability to comment on the contemporary political climate one week and poke fun at its own self seriousness the next Responding to its cinematic visual style haunting score complex and nuanced writing witty dialog and the exceptional acting of David Duchovny and Gillian Anderson who elevated the show with their chemistry fans embraced The X Files making it one of the most beloved cult television series to this day The aim of this book is to provide the reader with several points of entry into the television series with social cultural and political analyses framed by

the examination of the show's many overlapping genres. Divided into chapters highlighting the episodic standalones known as the monster of the week MOTW and the serial mythology or mytharc, the first section of the book explores the ways the MOTWs represented social differences in stories of fantastic supernatural beings, both strange and estranged. Through comparative analyses and detailed discussions of individual episodes, it becomes clear that the MOTWs were less concerned with the alien than with alienation, using the figure of the monster to focus on a range of ethnic, racial, and social outsiders. The latter half of the book turns to the serialized mythology, examining both the arc of the alien conspiracy as well as the fan-driven relationship between Mulder and Scully. While the romance subplot was powered in part by the show's fans, the alien government conspiracy mythology was Carter's unique vision. This volume argues that *The X-Files* was a milestone because it employed the generic tropes of science fiction to call our attention to contemporary global politics and the history behind them. Specifically, Theresa Geller maps the ways the series used the mytharc not to predict the future but to unbury the violence and injustice of our own past. With its return to television as an event series in 2016, this volume offers a timely assessment of the show's cultural relevance and social significance. Fans of the show as well as readers interested in cultural studies, genre criticism, race and ethnicity, fan studies, social commentary, and gender studies will appreciate this insightful examination of the series.

The Lost World - Jurassic Park Complete, Four issue movie adaptation mini series

Screen Tourism and Affective Landscapes Erik Champion, Christina Lee, Jane Stadler, Robert Moses Peaslee, 2022-12-30

This book explores ways in which screen-based storyworlds transfix, transform, and transport us imaginatively, physically, and virtually to the places they depict or film. Topics include fantasy quests in computer games, celebrity walking tours, dark tourism sites, Hobbiton as theme park, surf movies, and social gangs of Disneyland. How physical, virtual, and imagined locations create a sense of place through their immediate experience or visitation is undergoing a revolution in technology, travel modes, and tourism behaviour. This edited collection explores the rapidly evolving field of screen tourism and the affective impact of landscape with provocative questions and investigations of social groups, fan culture, new technology, and the wider changing trends in screen tourism. We provide critical examples of affective landscapes across a wide range of mediums, from the big screen to the small screen and locations. This book will appeal to students and scholars in film and tourism, as well as geography, design, media, and communication studies, game studies, and digital humanities.

The Unauthorized Guide to the X-Files Hal Schuster, 1997

Television critics complain it's unrealistic: FBI agents Mulder and Scully tracking extraterrestrial intelligences loose upon the world. Followers of *The X-Files* TV series can't seem to get enough. Now author Hal Schuster offers fans the key to unlocking *The X-Files*. His latest book, *Unauthorized Guide to The X-Files*, reveals everything the television network FOX doesn't want viewers to know. It will help readers unravel the story line episode by episode. They'll discover bloopers that were covered up and others that went forgotten. They can download inside jokes, Internet data, and scoops about comic book and novel clones. This extraordinarily detailed guide provides a probing look at the

X File series which has received the Golden Globe Awards and recognition in the Emmys From its conception to its fourth year on air readers will discover What inspired Chris Carter an ex surfer to create The X Files How critics the industry and viewers have reacted to the series How similar Anderson and Duchovny are to the characters Mulder and Scully How many mistakes appear in an average episode of The X Files Even TV critics may want to investigate this one Unauthorized Guide to the X Files opens with an analytical look at the latest real life evidence pointing toward outer space intelligence According to Schuster TV s most terrifying series may be far closer to reality than fiction It also includes an extensive appendix that lists real life X Files and the organizations that investigate them as well as an overview of the Federal Bureau of Investigation Readers will find listed hundreds of magazines agencies and on line sites featuring the sort of topics found on The X Files About the Author Hal Schuster is the author of The Trekker s Guide to Voyager and The Trekker s Guide to The Next Generation both from Prima He lives in Bangkok and Berkeley California

The Philosophy of the X-files Dean A. Kowalski, 2007-12-01 From its first appearance in 1993 The X Files has attracted millions of viewers interested in the paranormal investigations of intuitionist and belief driven Fox Mulder and his partner Dana Scully the consummate scientist and skeptic Addressing questions of trust and authority that plague our information addled society the series acquired a large fan base of individuals interested in debating and interpreting the philosophical themes that underlie the symbiotic partnership between Mulder and Scully The Philosophy of The X Files concentrates not only on the philosophical assumptions and presuppositions of the show but also on how the episodes portray the process of philosophical inquiry Editor Dean A Kowalski argues that both philosophy and The X Files center around a determination to search for truth despite a frequent lack of information and proper tools It is no surprise then to find the series riddled with common philosophical themes including metaphysics epistemology ethics political philosophy aesthetics

and existentialism among others. The first section of the book addresses the credos put forth by the series and examines the philosophical significance of its three popular slogans: "The truth is out there," "Trust no one," and "I want to believe." In the second section, contributors analyze the philosophical underpinnings of the characters of Mulder, Scully, the Cigarette Smoking Man, and Assistant Director Walter Skinner. A final section is devoted to individual episodes and engages with the philosophical issues raised by Clyde Bruckman's "Final Repose" and Jose Chung's "From Outer Space" in addition to the 1998 film *The X-Files: Fight the Future*. Two appendixes offer a summary of the main storyline and brief plot summaries of each television episode together with the philosophical issues it raises. The first collection of philosophical essays devoted exclusively to the show, *The Philosophy of The X-Files*, shows a television series successfully engaged with the philosophical quandaries of the modern world and explores how Mulder and Scully's personalities and actions invite inquiry into patterns of human belief and behavior.

The X-Files Rick Barba, 1998. An in-depth walkthrough of the entire game. Detailed lists of all the eerie items you'll find in your quest for the truth. A quick trip walkthrough for special agents on the move. About the Author: Rick Barba is the author of more than 30 computer game strategy guides for Prima Publishing, including the official guides for *Tex Murphy: Overseer*, *The Journeyman Project 3: Legacy of Time*, *Jedi Knight: Dark Forces II*, and *Riven: The Sequel to Myst*. He also wrote *Myst: The Official Strategy Guide*, Prima's best-selling guide of all time with more than 1 million copies in print.

The X-Files and Literature Sharon R. Yang, 2007. *The X-Files and Literature: Unweaving the Story, Unraveling the Lie* to find the Truth provides an innovative and valuable exploration of the groundbreaking television program. Although much academic work has been devoted to the social, psychological, and spiritual significance of *The X-Files*, until this collection, none has fully addressed the series' rich adaptation of literature to interrogate our perception, definition, or recounting of the truth. This collection not only unveils new twists and insights into expected connections between *The X-Files* and Gothic writers or with its modernist and postmodernist slants on narrative plot and characterization, *The X-Files and Literature* also delves into some unexpected literary sources shaping the series, such as the Arthurian quest, Catholic and Biblical mythology, folkloristics, and James Fenimore Cooper and the vanishing American mythos. This collection of essays covers both how *The X-Files* works with literature, its own constantly morphing definition and portrayal of truth through form and content, as well as how the television program may or may not subvert our own contradictory expectations and distrust of literature. It provides us with enlightenment. As television becomes more and more literary with shows like *Lost* and *Gilmore Girls* sending us off to the bookstore and the library, so we might read them more carefully, a book like *The X-Files and Literature* is welcome indeed. Sharon R. Yang's diverse collection on one of the Nineties' TV's richest texts finds the truth of the gothic and the Arthurian and the folkloric of the postmodern and the metafictional of Poe, Pynchon, Cooper, Nabokov, and Tennyson not just out there but in the perhaps too complicated narrative of the perpetually frustrated quests of Mulder and Scully. Valuable in itself as an intellectual exercise, its real worth may come when we put the book down and return

smarter better readers to the primary text David Lavery Co Editor Deny All Knowledge Investigating The X Files Sharon Yang s X Files collection deals with an important subject addressed by thoughtful writers The idea that television can be seen as a branch of literature is certainly sustained by The X Files and the contributors to this volume succeed in making the case Brian Hauser on Fenimore Cooper Cary Jones on Mary Shelley Tamy Burnett on Poe Thomas Argiro on Pynchon Matthew VanWinkle on Tennyson these and more explore the connections with The X Files not only in terms of sources but also themes and techniques Both students of television and literature will want to own this book Rhonda V Wilcox Ph D Professor of English Gordon College Barnesville **Our Space, Our Place** Sherry Ginn,2005-06-08 In Our Space Our Place Women in the Worlds of Science Fiction Television author Sherry Ginn explores the portrayals of female characters in popular Sci Fi television programs The programs examined include The X Files Babylon 5 Farscape Gene Roddenberry s Andromeda and all five Star Treks The major female characters on each program are discussed with respect to their quest to establish a sense of identity within their particular universe as depicted on their series By using current psychological and feminist theories Ginn skillfully evaluates each character in terms that best exemplify the search for meaning and identity in women s lives *The Mammoth Book of Best New Horror* Stephen Jones,Ramsey Campbell,1995 Antibodies Kevin J. Anderson,1998-04-08 When a disease ravaged body is found in the burned ruins od a federally funded genetic research lab Agents Fox Mulder and Dana Scully fear that a deadly man made plague is on the loose As the FBI agents investigating the X files bureau cases labeled unsolvable Mulder and Scully pursue the truth wherever it leads even into the labyrinthine corridors of their own agency and beyond **St. James Encyclopedia of Popular Culture** Tom Pendergast,Sara Pendergast,2000 Contains essays that provide information on various elements of popular culture in the United States during the twentieth century covering the major areas of film music print culture social life sports television and radio and art and performance Arranged alphabetically from A to D
