

Myths, exaggerations and uncomfortable truths

Fact: Millennials place much the same weight on many of the same career goals as older employees do.

- Make a positive impact on my organization
- Help solve social and/or environmental challenges
- Work with a diverse group of people

Fact: Millennials want a more ethical and fair workplace. They think it's less important to work for a boss who recognizes their accomplishments.

- Ethical and fair
- Transparent and not shares information
- Recognize my accomplishments

Truths Exaggerations:

False Allegations Brent E. Turvey, John O. Savino, Aurelio Coronado Mares, 2017-07-06 False Allegations Investigative and Forensic Issues in Fraudulent Reports of Crime provides investigators and forensic examiners with a reference manual comprised of objective protocols for managing cases It helps them understand the nature and extent of false allegations to more accurately identify false allegations should they present in casework It also prepares users on how to confront and explain false allegations including instances where colleagues and supervisors may be steeped in bias denial or self interest Responding law enforcement agencies have a duty of care to investigate all reported crime to recognize and uncover false allegations and prevent them from causing harm to the innocent Failure to do so can result in miscarriages of justice When law enforcement fails in their duty of care they are also exposed to civil liability from those that have been falsely accused Presents a first of its kind forensic textbook on a subject that has been highly politicized Written by qualified investigative and forensic professionals who work cases and give expert testimony Offers applied protocols to conduct forensic investigations and evaluations including red flags Based on the most recent scientific research practice and protocols Includes extensive case examples used to augment a variety of different false report models

Sustaining Workforce Engagement Lonnie Wilson, 2019-01-14 This book explains the importance of employee engagement It defines what it is what it will do for your business and how you can achieve it as well as sustain it It covers the history of employee engagement along with why employees were formerly much more engaged with their work and company than they are currently The author explains in depth why employees want to be engaged but are not He discusses the emotional psychological and social forces that make engagement the state that people naturally and continually attempt to achieve Furthermore he makes a compelling case that engagement is not only natural but when achieved it also creates a happy and productive workforce where employees are not only emotionally but also physically more healthy You will learn exactly how a business can not only cause this engagement to surface but also how to sustain it He presents a complete discussion of the basics and beyond that are required to support a system of engagement He explains engagement as a system and how to interpret and utilize a system diagram using the high leverage points to further fuel and sustain engagement The book then provides a critical and comprehensive series of discussions of precisely what management must do to unlock the power of a fully engaged workforce In addition to learning how to measure engagement there are detailed discussions along with two confirming case studies of how to improve your levels of engagement Essentially the author examines engagement from top to bottom integrating the theories of the scholars with the experiences of the practitioners In so doing he can explain in simple terms how engagement can be achieved and why people try so hard to create a fully engaged workforce with both the best of intentions and a true passion to achieve it yet fall short There is a simple reason achieving engagement is all about management and the many changes that must be made and that raises the crucial question Is management both willing and

able to recognize accept and execute the needed paradigm shifts The stark reality is that the changes that must first occur are in the thoughts beliefs and actions of the management team This book gives you a path to follow that may achieve just that And the remaining question for the senior management is What are you prepared to do The mystery of achieving engagement is known the science is known the answers are not technically complicated and now it comes down to a simple choice Are you or are you not willing to change And with that choice there are resultant consequences It is no more complicated than that

The Man Behind the Sale Gary Dunning,2020-12-10 Gary Dunning leverages his decades of experience in the car business to address one of the biggest needs in the automotive retail profession integrity As a believer in Jesus Christ his vision statement propels him to teach godly principled truths so others can walk with the Lord on their way to success Learn how to rise above mediocre results to live an elevated life manage work time so important tasks get done first put the customer at the center of business understand the power of words in all areas of life The author also focuses on five retail pillars that will help automotive dealerships succeed as well as how core values and principles resonate with customers In the car business and in all of life understanding who you are what you re supposed to be what you want to be and what you do to earn a paycheck are critical Take actions that align with your faith with the guidance in *The Man Behind the Sale*

Democracy's Troubles John E. Miller,2020-01-10 Evidence is accumulating that democracy is under siege in the United States and around the world This volume identifies and explains a dozen separate challenges threatening American democracy today Sorting these challenges into political and social cultural problems each is placed in an historical context to describe how they work together to undermine the democratic underpinnings of the nation Opening with a sketch of the historical development of democracy this book makes the case for improved civic education rebuilding trust in institutions and leaders promoting good character and the revitalization of the healthy community A renewed commitment to governmental institutions is necessary for the people to fulfill democracy s promise
