**Yours Presently** Michael Seth Stewart, 2024-06-15 Boston born and bred John Wieners was a queer self styled poet who was renowned among his contemporaries but ignored by mainstream critics Twenty first century readers are correcting this elision placing Wieners back alongside his better known peers including Allen Ginsberg Charles Olson Denise Levertov and Amiri Baraka Wieners was a voluble letter writer maintaining friendships with these contemporaries that spanned decades and tackling a range of complex issues that resonate today including drug use homosexuality subcultures of the East and West Coasts and the differing treatment of mental patients based on their economic class The letters collected in this volume are greatly enhanced by Eileen Myles's preface and Stewart's thorough introduction notes and brief bios of the poets writers artists and editors with whom Wieners corresponded The result is more than the letters of a poet it is a history that explores the world at large in the mid twentieth century Selected Poems, 1958-1984 John Wieners, 1986 *Selected Poems (Wieners)*, 1972 Supplication John Wieners, 2015-11-03 Selected Poems John Wieners, 1972 **Stars Seen in Person** John Wieners, 2015 Four unpublished journals by a master of the form one of the greatest American poets of the 20th Century *The Beats, Black Mountain, and New Modes in American Poetry* Matt Theado, 2021-09-15 The Beats Black Mountain and New Modes of American Poetry explores correspondences amongst the Black Mountain and Beat Generation writers two of most well known and influential groups of poets in the 1950s The division of writers as Beat or Black Mountain has hindered our understanding of the ways that these poets developed from mutual influences benefitted from direct relations and overlapped their boundaries This collection of academic essays refines and adds context to Beat Studies and Black Mountain Studies by investigating the groups intersections and undercurrents One goal of the book is to deconstruct the Beat and Black Mountain labels in order to reveal the shifting and fluid relationships among the individual poets who developed a revolutionary poetics in the 1950s and beyond Taken together these essays clarify the radical experimentation with poetics undertaken by these poets **Beat Drama** Deborah Geis, 2016-07-28 Readers and acolytes of the vital early 1950s mid 1960s writers known as the Beat Generation tend to be familiar with the prose and poetry by the seminal authors of this period Jack Kerouac Gregory Corso Lawrence Ferlinghetti Diane Di Prima and many others Yet all of these authors as well as other less well known Beat figures also wrote plays and these together with their countercultural approaches to what could or should happen in the theatre shaped the dramatic experiments of the playwrights who came after them from Sam Shepard to Maria Irene Fornes to the many vanguard performance artists of the seventies This volume the first of its kind gathers essays about the exciting work in drama and performance by and about the Beat Generation ranging from the well known Beat figures such as Kerouac Ginsberg and Burroughs to the Afro Beats LeRoi Jones Amiri Baraka Bob Kaufman and others It offers original studies of the women Beats Di Prima Bunny Lang as well as groups like the Living Theater who in this era first challenged the literal and physical boundaries of the performance space itself **The Selected**

**Poetry and Work** Jo Lindsay Walton,Ed Luker,2019-11-16 Poetry and Work offers a timely and much needed re examination of the relationship between work and poetry The volume questions how lines are drawn between work and non work how social political and technological upheavals transform the nature of work how work appears or hides within poetry and asks if poetry is work or play or something else completely The book interrogates whether poetry and avant garde and experimental writing can provide models for work that is less alienated and more free In this major new collection sixteen scholars and poets draw on a lively array of theory and philosophy archival research fresh readings and personal reflection in order to consider work and poetry the work in poetry and the work of poetry Individual chapters address issues such as the many professions occupations and tasks of poets beyond and around writing poetry s special relationship with craft work s relationship with gender class race disability and sexuality how work gets recognised or rendered invisible in aesthetic production and beyond the work of poetry and the work of political activism and organising and the notion of poetry itself as a space where work and play can blur and where postwork imaginaries can be nurtured and explored
