Sirens Song:

Siren's Song John R. Gentile,2007-06-01 *Siren's Song* Jordan-Paige Nichols,2011-01-14 Ivian is different So different that she can't be referred to as human She's a Siren When she tries to live her old human life as a succubus she learns the hard way that things can never be the same again Enter a world where all the boundaries you know of the world have disintegrated Where Sirens roam the Earth Where secrets are kept Where memories are erased Where people will do anything to stay alive or keep the ones they love alive Enter a world where everything revolves around music Enter the world and hear the Sirens Song *A Study Guide for Margaret Atwood's "Siren Song"* Gale, Cengage Learning,2016 A Study Guide for Margaret Atwood's Siren Song excerpted from Gale's acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs Cogito and the Unconscious Slavoj Zizek,1998-04-08 The Cartesian cogito the principle articulated by Descartes that I think therefore I am is often hailed as the precursor of modern science At the same time the cogito's agent the ego is sometimes feared as the agency of manipulative domination responsible for all present woes from patriarchal oppression to ecological catastrophes Without psychoanalyzing philosophy Cogito and the Unconscious explores the vicissitudes of the cogito and shows that psychoanalyses can render visible a constitutive madness within modern philosophy the point at which I think therefore I am becomes obsessional neurosis characterized by If I stop thinking I will cease to exist Noting that for Lacan the Cartesian construct is the same as the Freudian subject of the unconscious the contributors follow Lacan's plea for a psychoanalytic return to the cogito Along the path of this return they examine the ethical attitude that befits modern subjectivity the inherent sexualization of modern subjectivity the impasse in which the Cartesian project becomes involved given the enigmatic status of the human body and the Cartesian subject's confrontation with its modern critics including Althusser Bataille and Dennett In a style that has become familiar to Zizek's readers these essays bring together a strict conceptual analysis and an approach to a wide range of cultural and ideological phenomena from the sadist paradoxes of Kant's moral philosophy to the universe of Ayn Rand's novels from the question Which if any is the sex of the cogito to the defense of the cogito against the onslaught of cognitive sciences Challenging us to reconsider fundamental notions of human consciousness and modern subjectivity this is a book whose very Lacanian orthodoxy makes it irreverently transgressive of predominant theoretical paradigms Cogito and the Unconscious will appeal to readers interested in philosophy psychoanalysis cultural studies and theories of ideology Contributors Miran Bozovic Mladen Dolar Alain Grosrichard Marc de Kessel Robert Pfaller Renata Salecl Slavoj Zizek Alenka Zupancic **Sound Moves** Michael Bull,2015-03-24 This innovative study opens up a new area in sociological and urban studies the aural experience of the social mediated through mobile technologies of communication Whilst we live in a world dominated by visual epistemologies of urban experience Michael Bull argues that it

is not surprising that the Apple iPod a sound based technology is the first consumer cultural icon of the twenty first century This book in using the example of the Apple iPod investigates the way in which we use sound to construct key areas of our daily lives The author argues that the Apple iPod acts as an urban Sherpa for many of its users and in doing so joins the mobile army of technologies that many of us habitually use to accompany our daily lives Through our use of such mobile and largely sound based devices the book demonstrates how and why the spaces of the city are being transformed right in front of our ears

(Per)Versions of Love and Hate Renata Salecl,2000-06-17 Why when we are desperately in love do we endlessly block union with our love object Why do we often destroy what we love most Why do we search out the impossible object Is it that we desire things because they are unavailable and therefore to keep desire alive we need to prevent its fulfillment Renata Salecl explores the distributing and complex relationships between love and hate violence and admiration libidinal and destructive drives through an investigation of phenomenon as diverse as the novels *The Age of Innocence* and *The Remains of the Day* classic Hollywood melodramas the Sirens song Ceau escu s Rumania and the Russian performance artist Oleg Kulik who acts like a dog and bites his audience *Per Versions of Love and Hate* presents a unique and timely intervention in contemporary debates by questioning the legitimacy of the calls for tolerance and respect by multiculturalism and exploring practices such as body mutilation as symptoms of the radical change that has affected subjectivity in contemporary society

The Siren Song Anne Ursu,2008-12-23 Inside an ordinary middle school in an ordinary city a small redheaded eighth grader is doing something very ordinary indeed Ever since Charlotte Mielswetzski and her cousin Zee saved the world life has been rather ordinary Ordinary that is if you call being ultramegagrounded in Charlotte s case or treated as if you might fall to pieces in Zee s case ordinary Either way heroes deserve better Of course no one knows Charlotte and Zee are heroes It s not like they can simply announce that Greek myths are real or proclaim they have returned from the Underworld where they rescued all of mankind from Philonecron a deranged demigod with delusions of grandeur Instead they are forced to keep this terrible knowledge to themselves and are stuck in a state of extraordinary ordinariness But things aren t quite as ordinary as they seem For Philonecron is the grandson of Poseidon and you don t mess with the progeny of the second most powerful god in the universe And Philonecron himself isn t so happy about having all of his delicious plans thwarted by mortal children He wants revenge and with his grandfather to help him he is going to get what he wants For Charlotte and Zee their not so ordinary lives are about to be disrupted once again This time it s not the world they must save it s themselves In the thrilling second installment of the *Cronus Chronicles* trilogy author Anne Ursu brings her trademark wit to a spectacular adventure on the high seas

Infidel Poetics Daniel Tiffany,2024-05-31 Poetry has long been regarded as the least accessible of literary genres But how much does the obscurity that confounds readers of a poem differ from say the slang that seduces listeners of hip hop Infidel Poetics examines not only the shared incomprehensibilities of poetry and slang but poetry s genetic relation to the spectacle of underground culture Charting connections between vernacular poetry lyric obscurity and types of social relations networks of darkened streets in preindustrial cities the historical underworld of taverns and clubs the subcultures of the avant garde Daniel Tiffany shows that obscurity in poetry has functioned for hundreds of years as a medium of alternative societies For example he discovers in the submerged tradition of canting poetry and its eccentric genres thieves carols drinking songs beggars chants a genealogy of modern nightlife but also a visible underworld of social and verbal substance a demimonde for sale Ranging from Anglo Saxon riddles to Emily Dickinson from the icy logos of Parmenides to the monadology of Leibniz from Mother Goose to Mallarm Infidel Poetics offers an exhilarating account of the subversive power of obscurity in word substance and deed University Lectures Delivered by Members of the Faculty in the Free Public Lecture Course University of Pennsylvania,1915 *The Nineteenth Century and After* ,1883
