Situation Ethics True Or False:

Situation Ethics: True or False? John Warwick Montgomery, Joseph Fletcher, 2017-03-11 This riveting philosophical debate pits Christian apologist Dr John Warwick Montgomery against the situation ethicist Joseph Fletcher to grapple with the absoluteness of moral principles

Situation Ethics ; True Or False Joseph Francis Fletcher, 1966 **Situation Ethics** Joseph Fletcher, John Warwick Montgomery, 2015-07 Joseph Fletcher says Whether we ought to follow a moral principle or not would always depend upon the situation In some situations unmarried love could be infinitely more moral than married unlove Lying could be more Christian than telling the truth stealing could be better than respecting private property no action is good or right of itself It depends on whether it hurts or helps people There are no normative moral principles whatsoever which are intrinsically valid or universally obliging We may not absolutize the norms of human conduct Love is the highest good and the first order value the primary consideration to which in every act we should be prepared to sidetrack or subordinate other value considerations of right and wrong *Situation ethics, true or false* Joseph and Montgomery Fletcher (John warwick), 1972 **The**

Introduction to Paradigms Manfred Stansfield, 2001 Introduction to Paradigms is a generic look at the things that help to clear up the crippling reality paradigm confusion which we all are susceptible to just in growing up It demonstrates that A paradigm is a model of a portion of reality with fewer dimensions and a manageable size mass and energy Paradigms are necessary because they are the solution to the problem of having insufficient human RAM and CPU to be omniscient and deal with reality on a direct perception knowing basis The human solution is to create paradigms that do fit our RAM and CPU so we can change the undesirable elements of existence into desirable ones Unfortunately paradigms can be more true or less true by accident or design and that's where the rub is Less true paradigms

come about in two ways Through the incompetence of well meaning paradigm designers or By the deliberate introduction of bias into a paradigm to give inequitable power and money to some who have not earned it The bias is in the form of a lie in a paradigm or the miss definition of a word More money is made today by theft through paradigm bias than by the honest creation of wealth It is not a victimless crime The individual members of society as well as the society as a whole lose in wealth a lowered pursuit of happiness and a lowered survival potential Paradigm bias is a societal parasite and too many parasites kill the host Purveyors of paradigm bias are the same as confidence men One trick they use is to convince you that what they are telling you is reality when it is a paradigm Reality one tends to accept as true while one questions what is known to be a paradigm How do you tell the difference and what if you don t Example My telling you about a tree gives you my paradigm of a tree which can be more true or less true On the other hand the only way you get the reality of a tree is by seeing it for yourself climbing it feeling the trunk bark and leaves eating the fruit chewing on a leaf twig bark smelling the blossoms cones leaves bark and roots listening to the wind pass through the branches and leaves standing under the tree when the sun is too hot or when it is raining Example The 9 11 suicide pilots believed that what they had been told since early childhood was reality That they would go to a paradise which was a much nicer place than this world and that they would live forever with seven virgins and seven wives if they died committing a mass murder as they were told They did what they were told because they did not know the difference between paradigm and reality Reality is what you experience yourself Paradigms are anything you received through a communication paradigm such as what some one told you or you read We are all handicapped to the extent we are victims of the paradigm reality confusion and prone to be taken advantage of through paradigm bias More true paradigms require a paradigm designer well acquainted with reality Is science the answer Unfortunately the scientific method applies only to explicate order phenomena that can be repeated and verified by the lowest common denominator of scientist Science is still in denial of implicate order phenomena known for many centuries Only a small fraction of the paradigms we need to function on a personal and societal level can be scientifically demonstrated Peer review is another shortcoming and abuse The scientific method assumes that those doing the peer review are selfless high minded scientists experts in the same domain who judge according to their knowledge in the pursuit of truth for the good of mankind Actually many peers are egocentric and lie to ensure their careers Example Tobacco scientists disagree with conclusive studies linking smoki

Reading from the Underside of Selfhood Lisa E. Dahill, 2009-01-01 Dietrich Bonhoeffer s example of self sacrificing discipleship has for over fifty years inspired Christians around the world in both their resistance to evil and their devotion to Jesus Christ Yet for some readers particularly those who suffer trauma abuse and other forms of violence Bonhoeffer s insistence on self sacrifice on becoming a person for others may prove more harmful than liberating For those already socialized into self abnegation uncritical applications of Bonhoeffer s teachings may reinforce submission rather than resistance to evil This study explores Bonhoeffer s understandings of selfhood and spiritual formation both in his

own experience and writings and in light of the role of gender in psycho spiritual development The central constructive chapter creates a mediated conversation between Bonhoeffer and these feminist psychologists on the spiritual formation of survivors of trauma and abuse including not only dimensions of his thinking to be critiqued from this perspective but also important resources he contributes toward a truly liberating Christian spirituality for those on the underside of selfhood The book concludes with suggestions regarding the broader relevance of this study and implications for ministry The insights for spiritual formation developed here provide powerful proof of Bonhoeffer s continuing and concretely contextualized relevance for readers across the full spectrum of human selfhood

Situation Ethics Joseph F. Fletcher,1966 A manifesto of individual freedom and individual responsibility elaborated within an ethic of love which extricates modern man from rigid archaic rules and codes Proclaiming that any moral system is too shallow and petty to provide answers the author outlines a methodology for decision making which presupposes individual responsibility and declares that every man must decide for himself what is right Rising above any creed this renewed morality of loving concern is based on agape the love of which only God is capable but which every man must endeavor to emulate Cover notes
