Lateness and Longing George Baker, 2023-05-23 How a generation of women artists is transforming photography with analogue techniques Beginning in the 1990s a series of major artists imagined the expansion of photography intensifying its ideas and effects while abandoning many of its former medium constraints Simultaneous with this development in contemporary art however photography was moving toward total digitalization Lateness and Longing presents the first account of a generation of artists focused on the work of Zoe Leonard Tacita Dean Sharon Lockhart and Moyra Davey who have collectively transformed the practice of photography using analogue technologies in a dissident way and radicalizing signifiers of older models of feminist art All these artists have resisted the transition to the digital in their work Instead in what amounts to a series of feminist polemics they return to earlier incomplete or unrealized moments in photography s

history gravitating toward the analogue basis of photographic mediums Their work announces that photography has become not obsolete but late opened up by the potentially critical forces of anachronism Through a strategy of return of refusing to let go the work of these artists proposes an afterlife and survival of the photographic in contemporary art a formal lateness wherein photography finds its way forward through resistance to the contemporary itself Tacita Dean Tacita Dean,2017-10-24 Catalogues of three concurrent exhibitions in London galleries 2018 *Tacita Dean* Tacita Dean,Royal Academy of Arts,National Portrait Gallery (London),2018 Tacita Dean is considered among the most important living British artists Best known for the films that have taken her all over the world she is a passionate defender of analogue methods This authoritative publication brings together her writings with a complete filmography Dean s insightful and informative writing is key to understanding her works and interests She reveals a wide range of influences from seascapes to documentary and an intimate study of the nature of film itself Her projects are populated with the figures she admires including the artists David Hockney and Cy Twombly the poet Michael Hamburger and the legendary choreographer Merce Cunningham Beautifully illustrated throughout with film stills archival photographs and related artworks these two volumes map Dean s career up to and including her three major exhibitions in London in 2018 and provide in the artist s own words an unparalleled insight into the stories behind her work Exhibition Royal Academy of Arts London UK 19 05 12 08 2018 *Tacita Dean* Tacita Dean,2003 Place Tacita Dean,Jeremy Millar,2005 Evinced a philosophical theme about the function of place in the modern world a collection of sophisticated art images is organized to reflect a variety of attitudes and practices on a city street in the wilds of nature in spaces that reflect the imagination and in other locales Original **Tacita Dean** Tacita Dean,2003 **Tacita Dean** Tacita Dean,Nicholas Cullinan,2011 Includes contributions by over sixty artists directors cinematographers photographers and other professionals on analogue media
