Smart,1954-01-01 In this valuable philosophy of Christian education for theologians James Smart offers an excellent evaluation and redefinition of the goals of teaching ministry Important topics addressed in this book include how to use the Bible in curriculum development and the relationship of the church to secular education **Don't Just Teach: Be a Teacher** John Rue Davis,2019-04-03 The typical local church has six to ten groups that meet on a weekly basis and include some form of teaching These groups could include Sunday school for adults and children various children s activities youth meetings or other adult small groups Most of these are taught by ordinary believers who don t really think of themselves as teachers Yet these believers do most of the teaching in the church The point of this book is to help these believers realize that they are teachers and take that role as a gift from God The book then leads them through the process of working out what being a teacher means in their personal context *The Teaching Church* Eugene C. Roehlkepartain,1993 **Teaching the Faith, Forming the Faithful** Gary A. Parrett,S. Steve Kang,2013-03-05 With the decline of traditional Sunday school and education programs in recent years many Christians have not learned the fundamental doctrinal content of the faith In this text Gary Parrett and Steve Kang set forth a thoroughly biblical vision for intentional teaching of the Christian faith that attends to both the content and process of educational and formational ministries **Upstream Teaching in the Church** Thomas T. Shields Sr. D Min,2019-11-19 During my subsequent years as a pastor I discovered I was not alone in my awareness that teaching in the church can and should be proactive as well as a transformative aid The question is why are we so reluctant to acknowledge and employ it to help our hurting learners with this or some other equally effective method *Teaching the Next Generations* Terry Linhart,2016-10-18 How Ministers Can Be Excellent and

Effective Teachers Effective teaching is important not only to the Christian faith but to the success and impact of Christian ministry This book champions the role of teaching as a necessary skill for ministers to develop equipping them to work effectively for the spiritual growth of young people Terry Linhart who has more than twenty five years of experience training youth workers brings together expert Christian educators representing a broad array of evangelical institutions and traditions to show how teaching connects to discipleship and the church in current contexts Designed for the classroom the book covers a wide range of topics and includes helpful illustrative diagrams tables line drawings and charts Teaching for Spiritual Growth Perry G. Hanson,1986 *44 Ways to Expand the Teaching Ministry of Your Church* Lyle E. Schaller,1992 As he shows how to identify the priorities for the Christian education program in any church Schaller takes an approach often considered contrary to what is offered by educators Helpful tips explain how teaching is the best way after preaching to attract new members teaching reinforces preaching and liturgy teaching activates a passive congregation and more *A Teachable Spirit* Richard Robert Osmer,1990-01-01 Osmer provides a strong understanding of the teaching office which is a part of Reformation heritage He discusses why the teaching office is important in mainline churches **Why the Church Must Teach** Lucien E. Coleman,1984 **Women in the Church's Ministry** R. T. France,2004-04-20 The ordination of women has been one of the most pressing and passionately debated issues within the church in recent years In this volume based on the prestigious 1995 Didsbury Lectures R T France explores several important questions of biblical interpretation raised by the serious disagreements among Christians over the nature of women s ministry France primarily focuses on the issues as they are manifest in evangelical circles where appeal is made instinctively to the authority of Scripture He challenges readers to think through what it means to claim that our theology and practice are biblical His insightful arguments help Christians move beyond the seeming impasse over the role of women in church ministry The Times and the Teaching of John Wesley Arthur Wilde Little,1905 *Saint Pius X Collection [2 Books]* Saint Pius X ,Aeterna Press, **A Complete Catechism of the Catholic Religion** Joseph Deharbe,1919 **To Set One's Heart** ,1983-01-01 This book uses belief

information as an organizing center for the church's teaching ministry. It offers five detailed models of teaching expressed in terms of how each contributes to the development of faith: information processing, group interaction, indirect communication, personal development, and action reflection. Each model includes concrete examples of how the method might be used in a church's educational program to further belief development. *To Set One's Heart* provides both theory and practice, combining the insights of theology, education, and socialization. The result is an in-depth examination of religious belief teaching and intentionality.
