Teaching Authentic Language Arts in a Test-Driven Era Arthur T. Costigan,2010-11-01 Most pre service education students are enthusiastic about the progressive constructivist and student centered theory and practice advocated in many teacher education programs and by the National Council of Teachers of English Yet in actual day to day practice teachers often have trouble thinking of ways in which such student centered and constructivist practices in literacy instruction can be

implemented in classrooms which are increasingly driven by high stakes tests increased accountability and mandated and even teacher proof scripted curricula Teaching Authentic Language Arts in a Test Driven Era provides a powerful and much needed counterargument to the assumption that test driven curricula preclude meaningful instruction and authentic student engagement within a Language Arts curriculum Providing teachers with the theoretical stances and pedagogical tools to develop a Language Arts practice which can be personally rewarding as well as beneficial to students Teaching Authentic Language Arts in a Test Driven Era empowers teachers to be effective even within the confines of a testing and accountability driven curriculum **Teaching Language Arts** Carole Cox,2008 Engaging readable student friendly and practical this text is built on a strong theoretical and research base and illustrated and clarified with real life examples of children and teachers from today s diverse classrooms Written to reflect cutting edge theory new research the latest policies the new Common Core State Standards and best practices in the rapidly changing world of language arts instruction Carole Cox s new Seventh Edition continues to guide students as they learn the many skills required to become an effective teacher today Publisher s description Language Arts Karen D'Angelo Bromley,1992 SCC library has 1949 94 ceased publication
