Teaching The Millennium

Dr. Jesse J. Hargrove

Teaching The Millennium:

The Millennium William E. Blackstone,1904 **The Millennium** William E. Blackstone,2017-10-06 The doctrine of the Millennium and the concomitant events and conditions which it embraces is the pole star of the human race It materializes the hope which is embodied not only in Christian teaching but in all the great religions of the world The Chinese look for the return of Confucius the Hindoos for the tenth reincarnation of Vishnu the Mohammedans for the coming of the Mahdi and Christians expectantly wait for the second coming of our Lord Jesus according to His promise and the numerous prophetic utterances of Scripture The expectation of a golden age of just and righteous government is not only wide spread but it is also hoary with age Its deepest root is securely fastened in the Edenic promise that the seed of the woman shall bruise the serpent s head It is interwoven with all the precious promises and prophetic descriptions of the overthrow of Satan and his followers and culminates in the definite statement of Revelation that Satan shall be chained for a thousand years Not one thing is more plainly stated in Scripture than this thousand years of the righteous reign of Jesus and His saints Opponents of this doctrine usually begin their arguments by the assertion that the doctrine of a Millennium is nowhere taught in Scripture except in the twentieth chapter of Revelation The foolishness of such a statement is glaringly apparent from the fact that the Jews had fully developed the doctrine as the teaching of Old Testament Scripture long before the book of Revelation or any portion of the New Testament was written The foregleams of the Millennium are in the book of Genesis and we shall see how their shining increases in the pre exile exilic and post exilic prophets of Israel It was the view most frequently expressed in the Talmud that the Messianic Kingdom would last for one thousand years and this was commonly believed among the Jews Jesus and the Apostles have given great prominence in the Scriptures to this inspiring theme and it is admitted on all sides that the pre millennial coming of Christ and His reign with His saints upon the earth a thousand years was the faith of the early church [Encyclopedia of Distance Learning, Second Edition](#) Rogers, Patricia L.,Berg, Gary A.,Boettcher, Judith V.,Howard, Caroline,Justice, Lorraine,Schenk, Karen D.,2009-01-31 Offers comprehensive coverage of the issues concepts trends and technologies of distance learning **Who's Teaching Your Children?** Vivian Troen,Katherine C. Boles,2008-10-01 Many of the problems afflicting American education are the result of a critical shortage of qualified teachers in the classrooms The teacher crisis is surprisingly resistant to current reforms and is getting worse This important book reveals the causes underlying the crisis and offers concrete affordable proposals for effective reform Vivian Troen and Katherine Boles two experienced classroom teachers and education consultants argue that because teachers are recruited from a pool of underqualified candidates given inadequate preparation and dropped into a culture of isolation without mentoring support or incentives for excellence they are programmed to fail Half quit within their first five years Troen and Boles offer an alternative a model of reform they call the Millennium School which changes the way teachers work and improves the quality of their teaching When teaching becomes a real profession they contend more academically able people

will be drawn into it colleges will be forced to improve the quality of their education and better prepared teachers will enter the classroom and improve the profession
