The Angel Tree Lucinda Riley,2015-11-19 The Angel Tree is a powerful story of family mysteries and forgotten pasts from Lucinda Riley international bestselling author of the Seven Sisters series Thirty years have passed since Greta left Marchmont Hall a grand and beautiful house nestled in the hills of rural Wales But after a tragic accident more than two decades of her life have vanished from memory When she returns to the Hall for Christmas she has no recollection of her past there Then during a walk through the wintry landscape Greta stumbles across a grave in the woods Though the inscription is weathered the headstone still tells her a little boy is buried here The discovery strikes a chord in Greta s mind igniting a quest to recover her lost memories A quest that will take her deeper into her own life and that of her daughter Sweeping absorbing beautifully written and utterly compelling Lancashire Evening Post A version of this story has previously been published under the title Not Quite an Angel under the name Lucinda Edmonds now extensively rewritten as The Angel Tree

The Angel Tree Alex Dingwall-Main,2004 Quests are nothing new for travel writers Some have toiled over a villa restoration in Tuscany Some have pursued exotic culinary adventures Alex Dingwall Main a landscape architect by day introduces plant purchasing as a

grand pursuit in his new book *The Angel Tree: The Enchanting Quest for the World's Oldest Olive Tree*. Despite the title, the Dingwall Main doesn't necessarily need to find the oldest tree, but at a minimum, he must procure one that is ancient enough—say, 1,000 to 1,500 years old. Olives can live extraordinarily long lives and are pretty enough to satisfy his wealthy client, Monsieur Lautour. Dingwall Main finds several promising subjects, including the Angel Tree of the title, frustratingly though, the locals sometimes can't be moved to part with the most revered trees for a mere monetary reward. In addition to recounting his shopping expeditions, the author brings in snippets of European history, covering such diverse topics as the Punic wars between Rome and Carthage and the Black Death, to illustrate the turbulent times through which these old trees have survived. He then fills in the rest of the book with tidbits from the life of a well-to-do garden designer. Some readers may simply enjoy living vicariously through Dingwall Main as he crisscrosses the Mediterranean in search of Lautour's tree, but others could find themselves asking if his description of test-driving a Mini Cooper is really necessary, or wondering what kind of person packs formal wear on a trip to buy a plant. *The Angel Tree* does illuminate one fascinating aspect of life in Southern Europe: old olive trees are considered a must-have accessory for the gardens of the rich. This is a boon to farmers who can sell past their prime trees for top dollar. Dingwall Main also shows a humorous touch, especially as he relates one incident in which, due to a careless delivery driver, an acquaintance's newly purchased tree falls into her swimming pool. At its best, *The Angel Tree* serves as an interesting, though perhaps unnecessary, reminder of what wealth can accomplish. With enough money, not only can we possess something that has lived through centuries of Western history, but with a little luck, we can have it perfectly situated in our garden.
