The Magic Mirrors Of Old Japan Silvanus P Thompson,2019-01-25 Lovers of the Occult and the unusual will love this book It gives a deep insight into the ancient Japanese tradition of magic mirrors and their connection to the Sun Goddess In Japan mirrors had a peculiar place in society and spirituality Mirrors were often decorated and surrounded with flowers like we see icons from the West decorated and some of them are told to have magical properties This book digs into the special properties It seems that due to an old technique some Japanese mirrors can present patterns or images not to the onlooker but at the mirror s reflection in the room if the light source is just right **Working with a Magic Mirror** Draja Mickaharic,2013-08-04 This book is intended for those who have had some experience with Magic Mirrors It is not intended for the novice Some of the information in this pamphlet requires prior knowledge of the elements of magic as well as some Ceremonial Magical techniques These are not explained for the novice *The Magic Mirror* Howard Pearlstein,2022-09-15

The Magic Mirror Book Marion Walter, 1984

Magic Mirrors Jamie Ho, 2023 When a beam of bright light hits the convex and polished surface, an image is reflected back onto the wall. This is a description of a magic mirror, an object from the Han Dynasty (206 BC–24 AD) that embodies how Euro-America views China, both technically advanced and shrouded in mystery. The magic mirror also points to the history of photography, as this term was often used in the Victorian era to describe a camera. The image created from a camera is a mimic of reality, both all too familiar and unfamiliar. Like magic mirrors, the GIFs I create generate mirror images to reveal an alternate world that highlights the ways rituals are both private and public and the ways my body cannot fit into the impossibility of Euro-centric beauty standards. I use the aesthetics of Camp, the lighting studio, theatre-esque curtains, and spotlights to stage drag performances that confront audiences' understanding of gender. I reference historical Chinese objects as a method of reimagining connections to my ancestral roots and to build a reality where Chinese American femmes can exist and thrive outside of a patriarchal, ableist society. Through installation and projections, my GIFs both reflect and refract within the space, alternately obscuring and challenging the viewer's perception. The mirror manifests in the magic mirrors exhibition through the mirrored actions that occur in my GIFs, in the ways the images of me reflect off the acrylic sculptures and through the circular shapes that continuously repeat as spotlights, bowls, round fans, tabletops, and mirrors themselves. The stylized repetitions found in both my GIFs and installations are informed by Judith Butler's exploration into gender performance and employs José Esteban Muñoz's disidentification, not just as a method of survival but one that imagines a limitless futurity. My self-portraits refuse to provide the viewer with a full experience of my body; thus, I refuse to further the exploitation that I am critiquing. As Legacy Russell stated, Glitch Feminism asks us to look at the deeply flawed society we are all currently implicated by participating in and to confront the violence this society has done to bodies who disidentify to
