## **The Maltese Flagon:**

*Migrant Smuggling by Sea* Patricia Mallia, 2009-10-03 A number of rules of the international law governing the oceans were created at a time far removed from the challenges of the present day The principle of the freedom of the high seas and its corollary of flag State exclusivity are archetypical examples of this Today these rules may appear to be obstacles in the effort to combat a number of contemporary maritime threats such as migrant smuggling by sea This study examines this multi faceted threat to maritime security against the backdrop of the current international legal framework and State practice in order to establish whether this threat can be effectively addressed within the existing framework of the law of the sea

*The Different Faces of Politics in the Visual and Performative Arts* Mario Thomas Vassallo, Andre P.

Debattista, 2023-12-22 This book highlights the linkages between politics and governance and the arts The essays in the volume show how visual and performative arts have challenged those in power or conversely patronised by them been used for propaganda to stir up national fervour and found themselves at the receiving end of political censure They focus on the tension and symbiosis between the politician and the artist foregrounding how they have always tried to influence challenge and in some cases undermine one another This volume will serve as an indispensable source for researchers and academics in political science the humanities and performing arts

**The Maltese Cross** Dennis Castillo, 2006 Annotation Despite its size

the small island nation of Malta has had a dramatic effect on world history Historian Dennis Castillo the American born son of Maltese immigrants traces the challenges faced by the Maltese people as witness to the Punic Wars the Crusades

Napoleonic Wars and World War II

**The Santa Marija Convoy** Dennis Angelo Castillo, 2012-01-01 Malta is one of the

smallest nations in the world yet has one of the longest histories of any country During World War II Malta played a key role in the Mediterranean campaign its submarines light surface forces and aircrafts destroying supplies desperately needed by Rommel s forces in North Africa The price the Maltese paid for this effort was the most sustained and intensive bombing campaign in the war enduring over 130 tons of bombs per square mile This compounded by the Axis blockade that attempted to starve Malta into surrender set the stage for numerous convoy battles the most dramatic being Operation Pedestal in which over 40 British warships escorting 14 merchant ships to Malta In The Santa Marija Convoy Dennis Castillo uses published histories as well as interviews and oral histories to explore the experiences of the Maltese and how their faith sustained them through this dark period of Malta s history Malta is an ancient Catholic culture with roots going back to the founding of Christianity on the island by St Paul Their faith was sorely needed as they suffered both bombardment and hunger from June 1940 to August 1942 This faith was rewarded when on August 15 1942 The Feast of the Assumption 5 out of 14 ships won through to Malta s harbor bringing crucial supplies for the island s survival When the last and most important vessel of the convoy entered the port to the delirious applause of the starving population they attributed the ship s

survival to the intervention of the Blessed Virgin Mary and this event is remembered to this day as The Santa Marija Convoy
