Leigh Claire La Berge,2015 The Long 1980s could be summed up handily in the annals of U S cultural history with the enduring markers of Ronald Reagan s presidency Oliver Stone s film Wall Street and Dire Straits s hit single Money for

Nothing Despite their vast differences each serves to underscore the confidence jingoism and optimism that powered the U S economy throughout the decade Mining a wide range of literature film and financial print journalism Scandals and Abstraction chronicles how American society s increasing concern with finance found expression in a large array of cultural materials that ultimately became synonymous with postmodernism The ever present credit cards monetary transactions and ATMs in Don De Lillo s White Noise open this study as they serve as touchstones for its protagonist s sense of white masculinity and ground the novel s narrative form Tom Wolfe s The Bonfire of the Vanities and Oliver Stone s Wall Street animate a subsequent chapter as each is considered in light of the 1987 stock market crash and held up as a harbinger of a radical new realism that claimed a narrative monopoly on representing an emergent financial era These works give way to the pornographic excess and violence of Bret Easton Ellis s epochal American Psycho which is read alongside the popular 1980s genre of the financial autobiography With a series of trenchant readings La Berge argues that Ellis s novel can be best understood when examined alongside Ivan Boesky s Merger Mania Donald Trump s The Art of the Deal and T Boone Pickens s Boone A look at Jane Smiley s Good Faith and its plot surrounding the savings and loan crisis of the 1980s and 1990s concludes the study and considers how financial reportage became a template for much of our current writing about of finance Drawing on a diverse archive of novels films autobiographies and journalism Scandals and Abstraction provides a timely study of the economy s influence on fiction and outlines a feedback loop whereby postmodernism became more canonical realism became more postmodern and finance became a distinct cultural object
