and Spirit These lessons are dedicated to that truth which frees man from himself and sets him on the pathway of a new experience which enables him to see through the mist to the Eternal and Changeless Reality In presenting these lessons in Mental Science to the public it is my desire to make it possible for any one who cares to take the time to study them to demonstrate the truths that will be discussed It is perhaps hard to set down in writing a complete teaching in Mental Science that will not appear difficult to understand but this could be said as well of any science and the Science of Mind is no exception to the general rule From the author of Creative Mind And Success comes this short book on how to utilise the power of your mind Holmes shows us how our thoughts can become reality and what we can do to use that to our benefit

Change Your Thinking, Change Your Life Ernest Holmes,1984 You are about to start on the most interesting quest the human mind has ever made the discovery of the Life Principle the way It works and your relationship to It You are about to make the greatest discovery of your life which is how to use the Creative Power of your thought for definite purposes purposes which will benefit you your family and your friends You are about to engage in a study of the Science of Mind which deals with a Principle and a Power in the universe as immediate as your own breath Of necessity such a study to which you must give your complete attention something that you just enthusiastically enter into All the while it will be something that brings a daily satisfaction a sense of well being and the gratification of knowing that you are in harmony with the Power that creates and sustains everything

The Basic Ideas of Science of Mind Ernest Holmes,2025-06-03 A brief account of the Science of Mind by the man who formulated it Ernest Holmes has condensed the wisdom of his classic Science of Mind into this warm yet penetrating statement The Science of Mind is the study of Life and the nature of the laws of thought in a spiritual Universe This philosophy believes there is One Infinite Mind that includes all there is whether it be human intelligence or the invisible Presence of God and is built upon the premise that we are living in a spiritual universe whose sole government is one of harmony where the use of right ideas is the enforcement of its law In 1927 a teacher writer and lecturer by the name of Ernest Holmes defined and established the Science of Mind philosophy by uncovering a clear and simple method he discovered while researching the wisdom of the ages from many disciplines This newfound practical and spiritual approach to living an abundant life evolved into what is now the Science of Mind Textbook which has been the cornerstone to Religious Science churches and Centers for Spiritual Living around the world Over the course of his life the textbook became a beacon of light to millions of readers and followers but to others the 600 page tom presented itself as an obstacle to beginners simply because of its intimidating size In what turned out to be one of his last books before his death in 1960 Holmes published this introduction after its initial release as an article in the Science of Mind Magazine to help individuals easily understand the concepts before taking the first steps of their new spiritual journey

The Science Of Mind Holmes Ernest S,2023-07 The Science of Mind is a great book about spirituality that was written by a great spiritual guide In it Ernest Holmes talks about how our thoughts connect us to a creative law in the world He shows us how to put

spiritual ideas into practice in our daily lives He shows how man can shape his own fate and decide what kind of life he wants to live He says that the mind of God and the mind of man are linked Since God s mind is infinite this means that man s mind has an infinite number of ways to show himself It s a book that anyone who wants to really understand ideas should read and study over and over again since it talks about many different religious and spiritual ideas It goes far beyond the simple goal of getting rich spilling over into ideas like God and the divine reason
