***Disclaimer:** if you found this guide, I assume you would like to teach yourself how to play the piano. In any case, I must say that this is not a professional guide, nor do I have any academic music qualifications. I'm merely sharing my experience and listing apps / resources that I found useful during my journey. Take it as a foundation upon which you can build your own learning journey. Use what you like and think will help you improve, ignore what you don't like.*

Everyone is different so this might not apply to you.

Hopefully this guide will save you months of research.
