

VICTORIAN UNDERWORLD

Discover the gangs that lurked down the dark alleys of 19th century Britain

Written by Dr. Richard Bates

In 1841, a young man named William Miller and his gang were living in one of the most notorious slum areas in London, Whitechapel. Miller was a street boy, a child who had been abandoned by his parents and was now being raised by the street people around him. Miller was a member of a street gang that had remained the leading force in the area since the 1700s and had been the primary authority in the area for decades. The street 'underworld' was a collection of men who were not only criminals, but also men who were not afraid to fight. They were men who were not afraid to fight, to take bribes, to take money, to take power, to take what they wanted. Miller and his gang were not afraid to fight, to take money, to take power, to take what they wanted.

WHAT IS IT?

Underworld was a collection of men who were not only criminals, but also men who were not afraid to fight. They were men who were not afraid to fight, to take bribes, to take money, to take power, to take what they wanted.
